REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue -dated 25th January 1891.

No. 11848-57—Cir. 244, dated 25th January 1891.

Order.—In the Malnad Taluks, very extensive areas of land have been assigned at the Survey Settlement for free grazing. These areas very often are far in excess of the legitimate requirements of the villagers. Applications for portions of such free grazing land for coffee or supari or other cultivation should not be rejected as a matter of course and without enquiry, as appears to have been done in some cases in the taluks above referred to. On receipt of such applications, careful enquiry should be made as to whether the grant of the land for cultivation as applied for would or would not unduly curtail the quantity of land available for free grazing and should there be no reasonable apprehension of such undue curtailment, the application should be granted, subject to the confirmation of Government, application for which should be made in due course with a full statement of the particulars of each case and the opinions of the local officers and the Deputy Commissioner.

A. SRINIVASACHARLU,
for Chief Secretary.

To—The Deputy Commissioners of Shimoga, Kadur and Hassan Districts.
Copy to other Deputy Commissioners for information.
Copy to Superintendent of Revenue Survey for information.
Copy to V. P. Madhava Rao, Esquire, on Special duty.

why in these 3 Municipalities alone, no duty should be levied on Foreign goods, and the Government direct that in future all piece-goods imported from British Territory be charged at the uniform rate of 2 per cent *advalorem*, whether they are manufactured in India or in Foreign Countries. This would make the procedure simple and obviate the difficulty in distinguishing Indian manufactures from those of Foreign Countries.

3. It is a question whether the loom-tax now charged should not also be abolished and a duty charged on cloth manufactured in the Mysore Province also. This will be considered separately.

Under-Secretary.

FORESTS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Forests),—dated 8th January 1891.

READ :—

Correspondence ending with the Inspector General of Forests' No. 1862—179, dated 7th October 1890.

No. 11866-75—CIR. 245, DATED 8TH JANUARY 1891.

ORDER THEREON.—Under the circumstances represented, the existing arrangement should continue, by which the minor forest produce in kavals assigned for the use of Public Cattle at Hunsur is sold by public auction, together with that of other tracts of Government land in the Taluk other than Amrut Mahal Kavals.

2. The expediency of selling the minor forest produce of the Amrut Mahal Kavals by itself is exceedingly doubtful. Its purchase by a person other than the purchaser of the minor forest produce of the rest of the Taluk must cause friction and embarrassment, the apprehension of which would deter persons from freely bidding at the sales. Deputy Commissioners and the Inspector General of Forests will be good enough to report their experience in this matter. The Officer in charge of the Amrut Mahal Department will be good enough to report the realizations from each kaval for each of the past few years during which the system of separately selling their produce has been in vogue.

3. As regards the proposal to remove at once all mature trees of the reserved kinds from kavals assigned to the Public Cattle Department, it is evident from the Inspector General's last report that it is not worth while attempting. Trees of the reserved kinds growing in these kavals should be cut and removed by the Forest Department for Depôt sales in the same way as similar trees in other Government tracts.

4. It will thus be clearly understood that the rights of the Public Cattle Department in the kavals assigned to it are restricted to grazing rights as determined in the correspondence of 1882, and to the free appropriation of wood of the unreserved kinds and Matti as conceded in Proceedings No. 22, dated 18th July last for the *bonâ-fide* purposes of the Department for fuel, sheds, enclosures and railings for the cattle and their attendants. This concession is to be understood as strictly confined in its exercise to the limits of the kavals themselves and for the purposes of Government Cattle Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Forests)—dated 22nd January 1891

READ —

Correspondence ending with letter No 2272—22 dated 26th November 1890, from the Inspector General of Forests and Plantations in Mysore

No 11957-9—203, DATED BANGALORE, 22ND JANUARY 1891.

ORDER THEREON —The Government of His Highness the Maharaja hereby sanction the grant to Mr W F Petrie Hay of Hunsur of the exclusive right to manufacture Sandalwood Oil within the Mysore State for a period of ten years, on the terms of the draft concession hereto appended

The draft concession will be forwarded to the Government Advocate with a request that early steps may be taken to draft and to execute a formal Deed of Agreement on the terms sanctioned as above

T. ANANDA ROW,
Chief Secretary.

To—The Inspector General of Forests and Plantations for information and guidance
The Government Advocate
The Deputy Commissioner, Mysore District for communication to Mr W F Petrie Hay

---

Memorandum of a concession granted by the Government of His Highness the Maharaja of Mysore to Mr W F Petrie Hay of Hunsur (hereafter called the grantee) granting to him the exclusive right to manufacture Sandal Oil within the Mysore State for a period of ten years from date of commencing distillation, subject to the following conditions namely —

I. That the distillation of Sandal Oil under this concession should be carried on on the most improved modern methods with the helps of special experts from Europe That for this purpose and for the purpose of ensuring and securing the Sandal Oil manufacture under this concession that standard of quality which is most valued in the market, the grantee shall be at liberty to make his own arrangements with any established working firm in Paris or London, but that otherwise than to the extent necessary for these purposes, the grantee shall not be at liberty to transfer the concession hereby granted in whole or in part to any person or persons, without the express previous sanction of the Government

II. That the grantee shall be bound to erect, at his own cost, a distillery building on the site approved of by Government and within a specified time and that the land occupied by such distillery building to be erected be exempted from land revenue for the 10 years for which this concession is granted.

III. That no stills shall be erected or worked outside the distillery premises.

IV. That all Sandalwood required for distillation shall be purchased from the Government Sandal Koti or Kotis in the Province, either at the annual auction or otherwise, paying, in the latter case, the last auction average rates at the Koti for the class of wood taken.

V. That no Sandalwood of any description not so purchased shall be introduced into the distillery premises Sandalwood obtained for purposes of distillation shall not be sold by Mr. Hay or his company to others

VI. That independent of what the grantee purchases at the annual auction sales throughout the Province, the Mysore Government, unless it likes, shall not be bound to supply the grantee [illegible] tons a year, issuable from one or more Kotis, according to convenience The cost of carriage in all cases shall be borne by the grantee. The Government shall not be bound to supply any class of wood that is not available or in excess of what is available at any time. Pre-payment shall be made for all such wood and the removal shall be covered by a pass-port.

VII. That the Sandalwood bought by the grantee at the Government auction shall be stored, when required, at the Sandal Koti, free of rent, and issued on payment, from time to time, in quantities not less than 2 tons at a time, subject to following deduction for loss of weight from driage :—

1½	per cent for	wood left for	3 months.
2	do	do	6 months.
4	do	do	for over 6 months and up to one year.

But the whole of the quantity bought shall be removed and paid for within one year from date of sale.

VIII. That a royalty of 3·25 pie per oz. weight of oil, manufactured and issued, shall be paid to Government once in three months and a receipt obtained. That correct and full accounts shall be kept of all receipts of Sandalwood and production and issues of Sandalwood oil and the books connected therewith shall be open to inspection and examination by Government officers of and above the rank of Assistant Commissioner or Sub-Assistant Conservator.

IX. That the grantee shall be further bound to render an account monthly to the Deputy Commissioner of the District in which the distillery is established, showing the quantity of each class of Sandalwood received, used for distillation, and the quantity of oil extracted and issued every month.

X. All issues of oil above 1 lb in weight shall be covered by a pass-port, issued by the officer empowered in that behalf.

XI. That in order to prevent irregularities, the distillery premises shall be open to general inspection by Government officers, the grantee being at liberty to forbid access to the machinery and the various distilling processes, but such arrangements shall be made as will give Government officers full access to the premises and the books of the grantee to satisfy themselves of the quantity of sandalwood and of oil manufactured.

XII. That the cost of day and night guards appointed by Government for scrutinising the receipt of sandalwood and the issue of oil and for otherwise carrying out the terms of the contract, shall be paid by the grantee either monthly or quarterly, as required.

XIII. For wilful breach of any condition, the agreement shall be liable to be cancelled at any time, without prejudice to such other steps as the Government may decide to protect its own interests.

XIV. If at the expiration of the term of 10 years the contract be given to any other person or firm, then such person or firm will be bound to take up and purchase all plant and machinery and buildings at a valuation to be fixed by experts or engineers to be nominated, one by the grantee, one by the new firm, and one by Government.

XV. That this concession is conditional upon work being started within one year.

READ—

Docket No. 2713—251 of the 15th January 1891 from the Inspector General of Forests, forwarding copy of a Memorandum issued by him defining the quantity of Tangadi bark which may be charged for as a "Cart-load."

No. 12020-8—CIR. 249, DATED 29TH JANUARY 1891.

ORDER.—Government consider that there ought to have been no doubt or diversity of practice in giving effect to the orders contained in Proceedings No. 2516-25—57, dated 22nd July 1884. Under these orders, it is not necessary to weigh a consignment of Tangadi bark to ascertain the number of cart-loads it contains for the purpose of checking it with the license under which the consignment is taken. It is distinctly laid down as sufficient if the contractors were directed to understand that a cart-load meant the quantity drawn by one pair of bulls The size of the cart and the breed of the bulls are not at all matters for consideration.

Letter from the Deputy Commissioner, Kadur District, dated 11th November 1890, No. 355, submitting the District Fund Budget Estimates of the District for 1891—92 together with the Local Fund Board's Proceedings, dated 10th October 1890.

No. 12553-62—CIR. 262—L. 287 DATED 24TH JANUARY 1891.

ORDER THEREON.—The District Fund receipts for the year **1891—92** are estimated at Rs. 51,497 against Rs. 47,504, the estimate for 1890—91. The increase which is chiefly under the Local Cess on Land Revenue has not been explained. The omission should be supplied and the details of the assets, upon which the 76 per cent of the Local Cess has been calculated should also be furnished.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 28th January 1891.

READ :—

Docket from the Deputy Commissioner, Shimoga District, dated 18th December 1890, No. 583—543, submitting letter from the Municipal Vice-President, dated 27th November 1890, No. 9, furnishing the explanation called for in Government Proceedings dated 15th July 1890, No. 5401-18—113, regarding the Budget Estimates of the Shimoga District for 1890—91.

No. 12563-71—CIR. 263—L. 288, DATED 28TH JANUARY 1891.

Shimoga.

ORDER THEREON.—*II. Tax on houses and VII. Mohatarfa.*—It is explained that the probable collections of 1889—90 included the arrears of previous years, while the estimates for the current year which are based upon the jamabandi for 1888-89 do not include such arrears. The explanation is accepted, and the estimate passed. The estimated increase under VII. Mohatarfa is not explained. The estimate will not however be disturbed.

X. Miscellaneous. (m) Contribution.—Under the circumstances stated, the original estimate under this head will be raised by Rs. 214.

X. Miscellaneous. (n) Other Items.—The sum of Rs. 10 included under this head on account of extra duty on smuggled goods expected during 1890—91 will be transferred to I. Octroi, a corresponding reduction being made in the estimate under this head (Miscellaneous).

Para of Government Proceedings.	Para of Vice-President's Letter.

IV. Conservancy.—The President now states that the items disallowed by the Government amounting to Rs. 696 are necessary and should be restored. But, the Government observe that the expenditure already sanctioned exceeds the receipts of the year by Rs. 523 and the closing balance is less than ¼ of the estimated receipts by Rs. 1,037 and they are not therefore prepared to sanction the proposed items as an addition to the budget grant. If the additional expenditure proposed is absolutely necessary, the President should propose some transfer of funds from grants already sanctioned.

VIII. Public Works.—The explanation given showing the necessity for the well proposed to be constructed at a cost of Rs. 1,483 is accepted and the provision made therefor in the budget sanctioned.

Shikarpur.

I. Octroi.—The explanation given, does not show why the imports of piece goods in 1890—91 are likely to be less than those of 1888—89, but the estimate will not be disturbed.

Para of Government Proceedings. 37

Para of Vice-President's Letter. 7

Sagar.

II. Tax on houses.—The decrease in the estimate under this head is stated to be due to the expected falling off in the Jamabandi as there have been numerous complaints against the Jamabandi of 1888—89. Considering however that the actuals of 1888—89 were Rs. 382, the estimate of Rs. 230 for 1890—91 is too small. The estimate will be fixed at Rs. 300.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 13th January 1891.

READ THE FOLLOWING PAPERS :—

From the Deputy Commissioner, Hassan District, To the Chief Secretary to the Government of Mysore, No. 351, dated Hassan, 2nd October 1890.

I have the honor to forward herewith for information of the Dewan a file of Vernacular papers ending with Police Assistant Commissioner's Yadi No. 2660, dated 6th September 1890, on the subject of form of communication between himself and the Amildar. The Police Assistant Commissioner explains that addressing *Hukums* is in accordance with the Circular No. 2618—134, dated 21st March 1887, of Inspector General of Police. I submit copy of it.

No. 11640—315. DATED 13TH JANUARY 1891.

ORDER.—The Dewan's time is too valuable to be wasted in wading through a file of correspondence for finding out the precise point on which a District officer asks for the orders of Government. A glance over the file in this case shows that the correspondents are the Officiating Police Assistant Commissioner and the Officiating Deputy Amildar. There is no Amildar in the case as made out in the Deputy Commissioner's letter.

2. In laying subjects before the Government, Deputy Commissioners should, as far as possible, make the subjects complete and ready for immediate decision. Where reference must be made to other Officers (as to the Inspector General of Police in this case), this reference should be made by Deputy Commissioner before sending up the case. The letters should be complete in themselves and independent of enclosures, if these can conveniently be avoided. Enclosures may be forwarded, but merely for possible reference.

3. In accordance with these instructions, the Deputy Commissioner will be good enough, in the case under reference, to place himself in communication with the Inspector General of Police in the first instance, and then, if necessary, address Government stating clearly, the form of correspondence adopted, the occasion on which it was adopted, the objections taken to it, the reasons adduced in support of it, the form which is suggested by the objector, the respect in which the standing orders do not cover the individual case which has arisen, and the Deputy Commissioner's own views and recommendation.

A. SRINIVASACHARLU,
for *Chief Secretary.*

To—The Deputy Commissioner, Hassan District,
returning the Vernacular Papers.
The Deputy Commissioners of other Districts.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 12th January 1891.

READ:—

Examiner's Memo, dated 27th November 1890, regarding the service of members of Office and Petty Establishment transferred from the Public Works Department, to the Bangalore-Hindupur Railway.

2. Note by the Public Works Secretary to the Government of Mysore, dated 10th December 1890.

No. 61, DATED 12TH JANUARY 1891.

ORDER THEREON.—According to Article 736 of the Civil Service Regulations, service in an Office or Petty Establishment of a State Railway under construction does not qualify for pension except in the case of members transferred from permanent sanctioned posts prior to 20th July 1880; but as the Mysore State Railway is virtually an integral part of the Public Works Department, its staff is hereby exempted from the operation of this rule, in the case of permanent hands transferred to it from the establishment of the Public Works Department.

By Order,

C. BOWEN, *Col., R. E.*,
Secretary to the Govt. of Mysore,
Public Works Department.

To—The Comptroller of Mysore.
The Examiner, Public Works Accounts.
The Executive Engineer, Bangalore-Hindupur Railway.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

JANUARY 1891.

Serial No.	Proceedings. No.	Proceedings. Date	Proceedings. To whom sent.	Subject and Order.
1	11106—309—P. 859.	7th	The Deputy Commissioner of the Kadur District.	Appeal No. 35 of 25th March 1890. *Appellant* .. Rangegauda and others of Indravalli Village, Mudgere Taluk, Kadur District. Petitioners complain against the grant of 12 acres of their free pasturage land for coffee cultivation to an applicant. From the Deputy Commissioner's docket dated 16th October 1890, No. 519, it appears that there is no other land fit for coffee cultivation in the village, and that besides the land given out for cultivation, there are still 140 acres of gomal land, and 331 acres of assessed waste available for the cattle of the village. The area of land paying assessment in the village is 228 acres of which only 110 acres are held by the residents of the village. Under these circumstances, the Government do not consider that the grant of 12 acres of free pasturage for coffee cultivation involves any hardship upon the raiyats. Appeal rejected.
2	11034—419—P. 841.	10th	The Deputy Commissioner of the Bangalore District.	Petition No. 1550 of 25th September 1890. *Appellant* .. Komara Dikshita, Archak, Kasaba Magadi, Bangalore District. Petitioner appeals against the order of the Deputy Commissioner confirming the decision of the Sub-Division Officer ordering the registry of the name of one Rudraiya's son (a Sivachar by caste) as hakdar to the office of Pujari of the temple of Virabhadraswami in the Nelapatna Village, while the Petitioner's great-grand-father Shamanna had appointed Rudraiya's grand-father Mallaiya as his Gumasta to conduct the worship,

				owing to the great distance of the temple from Kasaba Magadi.. The Petitioner was informed in reply by an endorsement that he should establish his right in Civil Courts.
3	11315—375 —P. 860.	10th	The Deputy Commissioner of the Tumkur District.	Appeal No. 1696 of 9th October 1890. *Appellant* .. Basalingaiya of Vaddarhalli, Tiptur Taluk, Tumkur District. Petitioner holds a supari garden containing about 183 trees in bearing, and he has been removing the produce without permission. On a complaint it was found that he removed the produce without permission for 15 years, and he was accordingly directed, on 2nd August 1890, to pay Rs. 85 and odd, being the duty on the estimated produce for 15 years after deducting the quantity required for home consumption. The appeal is against this order. Petitioner states that the produce has been over-estimated, and that he used the whole produce for home consumption. *Decision.*—The Government consider that the Village and Taluk officials are chiefly to blame for having allowed Petitioner to remove the produce without permission, and it is hard to call upon Petitioner to pay duty on the estimated produce for 15 years, and they accordingly direct that duty for 5 years alone be collected from the Petitioner, and that due for another 5 years from the Village officials, *i. e.*, the Shanbhog and Patel, the rest being remitted. The excess collected from the Petitioner should be refunded to him. 2. The Taluk officials should be warned to be more careful in future.
4	11316—654 —P. 861.	10th	The Deputy Commissioner of the Mysore District.	Adverting to the last para of Government Order No. 7817—453 of the 22nd September 1890, passed in Appeal No. 43 of 25th March 1890 preferred by Dadu Sab of Mysore, the Deputy Commissioner having, in his letter No. 1133 of the 18th December 1890, reported that, on a personal inspection of the land in dispute, he found that there was an encroachment, the Government on a review of the Proceedings observed that as it appeared from the letter of the Assistant Commissioner which accompanied the Deputy Com-

				missioner's report, that the land in dispute was within the boundaries of the tract originally granted to Siddegauda and purchased by the Petitioner, its resumption as an encroachment was irregular. The Deputy Commissioner was, therefore, requested to restore the land to the Petitioner and remit the fine imposed upon him, levying full assessment on the whole area.
5	11513—139 —P. 897.	21st	The Superintendent, Mysore Revenue Survey.	Appeal No. 405 of 4th June 1890. *Appellant.* *Vs.* *Respondents.* Venkata Rao of Bellambre in Kolar. B. N. Subba Rao and others of Gopasamudra. This is an appeal against the order of the Deputy Superintendent, Revenue Survey, dated 12th November 1889, refusing to alter the settlement of the boundary dispute between the Jodi villages of the Appellant and Respondents made according to the Razinama filed by the parties in February 1886. Appellant states that when he signed the Razinama, he was in a very depressed condition in consequence of the loss of his son and requests that the dispute may be settled on its merits. Appellant is a pensioned Amildar, and his statement that he signed the Razinama carelessly cannot be admitted. Ordered that an endorsement be given to the effect that the boundary dispute having been settled according to a Razinama signed by Petitioner himself in 1886, it cannot be now altered.
6	11738—671 —P. 926.	23rd	The Deputy Commissioner of the Mysore District.	With reference to Government Order No. 8083--479, dated 6th October 1890, requesting the Deputy Commissioner to state whether, in regard to the appeal of one Vedanta Sankaranarnappa of Nanjangud, No. 2750 of 14th March 1890, there was any other evidence or record to show that the pendal therein referred to came into existence within the last 12 years only, a report was submitted by that officer, in his letter No. 1014, dated 12th November 1890, forwarding certain proceedings in which Mr. Assistant Commissioner Nanjundaiya had passed orders in certain cases of encroachments.

Serial No.	Proceedings. No.	Date	To whom sent.	Subject and Order.
				ORDER THEREON.—Pendals which have existed for upwards of 12 years, should not be ordered to be removed, but the owners should not be allowed to erect any permanent buildings in their place without the sanction of the Deputy Commissioner. Applications for permission to erect permanent buildings in place of temporary pendals will have to be disposed of on their merits. 2 The Deputy Commissioner was requested to issue orders accordingly.
7	11747-8 —141 —P. 919.	26th	The Superintendent of Revenue Survey. The Deputy Commissioner of the Bangalore District.	The Deputy Commissioner of the Bangalore District submitted in his letter No. 597, dated the 24th November 1890, the report called for in Government Order dated 6th June 1890, conveyed in official memorandum No. 2138—106, in the matter of Appeal No. 1514, dated 8th October 1889 by Adi Naranabhatta and Seshabhatta of Vadigenhalli, Devanhalli Taluk. ORDER THEREON.—From the papers received with the letter read above, it appears that the area of the Inam which the Petitioner Seshabhatta claims, is, according to the Inam Register, Dry K. 0 C. 2 P. 4 or 1·22 acres. It had been resumed for arrears of revenue, but was ordered in 1886 to be restored to Petitioner as he agreed to pay the arrears due. In restoring the Inam, the Survey Department treated only 27 guntas of Survey No. 4 as Inam, while Petitioner claims a much larger area. The Deputy Commissioner now reports that according to the Number Jhadti, the actual area of the Inam is 3·13 consisting of portions of the numbers noted in the margin; and that there is no objection to its being made over to Petitioner. The Government accordingly authorize the grant of the above area and request the Superintendent of Revenue Survey to issue the necessary orders. No. 4—0—27 „ 45—2—26 3—13

JUDICIAL

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 5th February 1891.

—all—

The following letter No. 2194—45, dated 5th June 1890, from the Chief Judge in Mysore:—

In forwarding copy of letter No. 10—2, dated 31st March 1890, from the Inspector General of Police, with the proceedings of inquiry in a case of neglect of duty on the part of a Police man tried at Kolar before the 3rd Class Magistrate of the Taluk, I have the honor to state that I and my Colleagues agree in the opinion of the Inspector General of Police that cases of the kind referred to by him should not be tried by Amildars. Such cases may be tried by Munsiffs and General Assistant Commissioners who have no Police functions. The cases to be so tried will be few and no great inconvenience will be felt by such an arrangement, and I would suggest that Government may exercise the power conferred on it, by Section 528 of the Criminal Procedure Code to withdraw, by Notification, the class of cases under advertence from Magistrates who are also Police Officers.

No. 12267-76—Cir. 254, dated, Bangalore, 5th February 1891.

Order thereon.—The proposal contained in the above letter commends itself to Government. The following Notification will be issued accordingly :—

Notification.

Under Section 528 of the Criminal Procedure Code, the Government of His Highness the Maharaja is pleased to authorize District Magistrates to withdraw from the Amildar Magistrates subordinate to them, the power of trying cases of neglect of duty on the part of Police Officers.

"By Order,"
T. ANANDA ROW,
Chief Secretary.

To—The Chief Judge, returning record.
The Inspector General of Police.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 19th February 1891.

READ :—

Letter No. 79, dated 4th February 1891, from the District Magistrate of Nilgiris, to the Assistant to the Resident in Mysore, forwarded with Assistant Resident's No 480—91-6 of the 11th February 1891.

No 15020-7—278, DATED BANGALORE, 19TH FEBRUARY 1891.

ORDER THEREON.—The letter read above brings to notice that in some instances warrants issued by British Magistrates under Act XIII of 1859 with the usual fee of Rs. 3 are returned by Magistrates in Mysore, on the ground that they are not accompanied by a fee of Rs. 4. The Proceedings of Government, dated 16th November 1886, Camp No. 1234—41, read with Proceedings No. 7198-7205—225 of the 2nd February 1887 render it clear that the fee, where it is leviable, is Rs. 3 only. These Proceedings have been duly communicated to all Magistrates in Mysore and their attention is again drawn to the orders contained in them, so that there may be no needless objection and delay in executing the warrants that may be sent to them.

T ANANDA ROW,
Chief Secretary

To—All District Magistrates in Mysore for information and guidance and for communication to all Magistrates subordinate to them.

PART I.

REVENUE

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 6th February 1891.

OFFICIAL MEMORANDUM.

No. 12257-64—Cir. 253, dated 6th February 1891.

The annexed papers on the subject of improving the Shekdars' service in Mysore, are circulated to Deputy Commissioners of Districts for their consideration and suggestions on the various points raised.

2. Deputy Commissioners are requested to submit maps of the Taluks comprised in their Districts, with existing Shekdars' ranges marked thereon by a distinct color (say red). Statement should accompany them showing for each range its population, land revenue (including cesses), cultivated area and number of villages, Government and alienated, asli, dakhla and coffee estates separately measured. Where Taluks are surveyed and settled, Revenue Survey Taluk maps should be used. In other cases, spare copies of Topo sheets should be adopted. The ranges which the Deputy Commissioners would propose should also be indicated on these maps with a different color (say yellow) and statements should be submitted, furnishing for them the same information as that above called for, for existing ranges.

3. An early reply is requested.

By Order,
T. ANANDA ROW,
Chief Secretary.

MEMO.

Letter No. 413—380, dated 23rd January 1890, from the Deputy Commissioner of Chitaldroog and No. 888, dated 30th January 1890, from the Deputy Commissioner, Mysore.

In the above letters, the Deputy Commissioner, Chitaldroog, recommends a horse allowance of Rs. 5 a month to Shekdars in Davangere Taluk, and the Deputy Commissioner of Mysore recommends an increase of Rs. 5 to the pay of the 3rd Grade of Shekdars.

2. Government recognize the necessity for ameliorating the condition of Shekdars and its view was given expression to in the Dewan's Speech at last meeting of the Dasara Representative Assembly.

3. It is therefore expedient to consider the matter for the Province as a whole.

4. There are now 459 Shekdars in the Province, divided into three classes and distributed among the 8 Districts as follows :—

	Number in 1st Class on Rs. 20.	Number in 2nd Class on Rs. 15.	Number in 3rd Class on Rs. 10.	Total Number.
Bangalore	13	23	39	75
Kolar	19	44	...	63
Tumkur	15	22	29	66
Mysore	20	46	34	100
Hassan	15	30	2	47
Shimoga	13	22	9	44
Kadur	21	5	6	32
Chitaldroog	7	21	4	32
	123	213	123	459

There must be little scope for reduction of the number. In some rare cases a re-distribution may be expedient. This may be left to the Deputy Commissioners to originate.

5. The first point which requires attention is, the pay of the 3rd Class of Shekdars, *viz*, Rs 10. This is too little. There is no doubt that this grade should be abolished, and the men in that grade promoted to the second on Rs. 15 a month. The financial effect of this will be an increase of $(123 \times 5) = $Rs. 615 per mensem or Rs. 7,380 per annum.

6. It is a question whether there should not be a grade on Rs. 25. But if a horse allowance be granted, this may for the present, be left out.

7. The next point is the question of horse allowance. The duties which devolve on Shekdars have increased in quantity as well as in quality, and a Shekdar to be efficient, must maintain a pony. Police Jamadars and Dafadars are allowed horse allowances and there is no reason why Shekdars should not be similarly allowed also. The former indeed have more rapid marches to undertake, but the latter have need for more frequent circuits. It seems highly expedient to sanction a horse allowance, and make it obligatory on every Shekdar to keep a pony and certify to that effect every time the allowance is drawn, the certificate being countersigned by the Amildar. The rate (Rs. 5) mentioned in the Chitaldroog Deputy Commissioner's letter may be considered too low. A rate of Rs. 6 for Maidan Hoblis and Rs. 7 or 8 for Malnad Hoblis may be considered appropriate. What hoblis are Malnad and what Maidan, will have to be declared after consultation with Deputy Commissioners. Meanwhile, a uniform rate of Rs. 6 may be ordered, to take effect at once in the case of those who have kept ponies and in other cases to take effect from the time ponies are acquired and begun to be maintained. A warning may be given that all Shekdars shall provide themselves with ponies before say, the next three or four months. The financial effect of this would be an extra charge of Rs. $459 \times 6 = 2{,}754$ per mensem or Rs. 33,048 per annum. It will be a little more when the higher rate for Malnad Hoblis is allowed.

8. A good, useful and experienced Shekdar will have acquired practical experience and knowledge of men and their ways and of revenue work which would be valuable in higher offices. To utilise this, and also to encourage good service, it seems to me, that the post of Taluk Sheristadar should be within their reach. It may be declared that every 3rd or 4th vacancy in a District shall be reserved for and given to a competent Shekdar who has distinguished himself in the same or other Districts.

9. These measures, if sanctioned, will go far to improve the condition of Shekdars and will be about as much as may fairly be done at once.

10. To prevent incompetent men entering or remaining in the line, it will be necessary to lay down that an intimate knowledge of—

the Revenue Code,
the system of Shanbhog's Accounts,
the village maps as to be able to identify lands and boundary marks and other features on them by the map,

is an essential qualification for Shekdar together with ability to measure lands. No new man should be appointed, or, if appointed on probation, confirmed unless he is tested and found qualified as above and all Shekdars already in the service should be directed to qualify themselves within a time to be fixed, say a period of 6 or 8 months.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 6th February 1891.

11. The Shekdar in Mysore is somewhat similar to a Revenue Inspector in the Madras Presidency and is a sort of factotum of the Amildar. He has to attend, in the first instance, to the collection of the revenue, by touching up backward Shanbhogs and Patels. He serves notices of demand and effects attachments of property for realizing arrears of revenue. He sells property, movable and immovable. His action in this respect in most Districts is restricted to cases in which the arrears are Rs. 50 or less. He also holds sales of petty items of miscellaneous revenue, such as occasional hulbanni, amarayi, &c. He attends to the planting and maintaining of avenue trees. He supervises the work which has to be done by civil department officers or by raiyats to tanks and channels. He helps the Tank Inspector and Vaccinator. He attends to the supply of dawk bullocks and when Regiments march, to the supply of provisions and other Camp requirements also, such as carts, &c. He assists at jamabandi in checking the Shanbhog's Pahani, and reporting upon encroachments and unauthorized cultivation generally. He conducts also local preliminary inquiries connected with revenue matters, such as examining and reporting upon darkhasts, razinamas, mutation of names in Khates, &c., destruction of sandal trees on occupied lands, &c. He examines and sends up the Birth and Death Registers kept by Patels. He is required to attend to the equitable distribution of water from tank and river channel sluices, whenever disputes or difficulties arise.

12. Shekdars often maintain ponies. Often also they do not.

13. They are generally allowed one peon or two peons from the Taluk establishment.

14. I am not aware that any definite qualifications for the post of Shekdar have been laid down; but activity, literary attainments and powers of "management" have generally been looked for in competent men. Latterly, and with the progress of the Survey Settlement, it has been ordered that a knowledge of surveying and plotting is an essential qualification. But for the low pay that holds in several places, it is difficult to find men so qualified.

15. Shekdars' charges vary in different Districts and with local circumstances. In some parts of the Mysore District for instance, these are capable of revision and re-arrangement. But such cases will, it is believed, be few in the whole Province, and in any case, it is not likely that the total number of Shekdars' charges is capable of great reduction.

4th June 1890.

T. ANANDA ROW,
Chief Secretary.

In Madras, the Revenue Inspectors who occupy the position of Shekdars here, get Rs. 30, 25 and 20. These salaries are considered inadequate, and a proposal for raising their salaries is under consideration. Our Shekdars get only Rs. 20, 15 and 10. The salaries are miserable and it is simply impossible to get honest and good men for those salaries.

2. I have no idea of the extent of the ranges of our Shekdars. I think a Shekdar can well manage 30 villages within a radius of 10 or 15 miles. We must redistribute the ranges accordingly. I shall be glad if a map can be prepared, showing the existing ranges, their population, revenue and area of cultivation, and the ranges which the Deputy Commissioners may propose. Probably we can reduce the existing numbers considerably.

3. I quite agree that each Shekdar should be compelled to keep a pony and a horse allowance of Rs. 8 allowed to each.

4. As regards their salaries, I am of opinion that we should have 3 classes. One-fourth of the number may be 1st Class, half in 2nd Class and half in the 3rd. The 1st Class man should get Rs. 25+8, the 2nd Class man Rs. 20+8, and the 3rd Class Rs. 15+8. Anything less would be too little.

5. A set of rules showing their duties should be drawn up, and each of them should be allowed 2 peons. One peon would not at all be enough.

6. I am unable to calculate the financial effect, but the increased cost cannot be much, if a proper re-distribution of ranges be made. If their salaries can be fixed at Rs. 30, 25 and 20 instead of Rs. 25, 20 and 15, I would prescribe a uniform test for all.

7. I think that the 1st and 2nd Class Shekdars should be compelled to pass the tests prescribed for a Deputy Amildar and we may prescribe a lighter test for the 3rd Class. Shekdars are in fact petty Amildars, and strictly *all* of them ought to pass the Deputy Amildar's test, but I do not prescribe it for the 3rd Class, as the salary proposed for them is too small.

We have 14,533 populated villages in the whole Province, and if each Shekdar is to have 30 villages, we shall require 183 Shekdars, but if the villages are close we may even give 50 villages to each.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 7th February 1891.

READ :—

Letter No. 1223 of the 10th January 1891 from the Deputy Commissioner of the Mysore District.

No. 12466-8—723, DATED 7TH FEBRUARY 1891.

ORDER THEREON.—The proposals made by Mr. Muhammad Ali and supported by the Deputy Commissioner, for the levy of contributions from the raiyats holding lands under the Rampur Channel extension in the Nanjangud Taluk, in the following manner, are sanctioned. They are very liberal and should therefore be strictly carried out.

(1) For lands from the 1st to the 10th mile in the Rampur Hobli which are stated to have been first supplied with water from the improved channel, but in 1888—89 and which have therefore yielded 2 crops and are under wet cultivation this year for the 3rd time, under the improved irrigation.—Full amount of contribution to be levied at once.

(2) For lands from the 10th to the 20th mile in the Rampur Hobli which were first supplied with water in 1889—90 from the improved channel and are again under wet cultivation this season.—Half the amount of contribution to be levied this year (1890—91) and the other half in 1891—92.

(3) For lands from the 20th to the 32nd mile in the Hadinaru Hobli which were supplied with water for the 1st time this year (1890—91).—The contribution to be levied in three instalments, *viz.*, ¼th this year (1890—91), ¼th in 1891—92 and ½ in 1892—93.

2. The proposal for the present to postpone levy of contributions on lands not yet irrigated requires further examination. The area of such lands is given as about 1,010 acres, and from Assistant Commissioner Mr. Muhammad Ali's report, it appears that some of these are irrigable under existing facilities and some under facilities which are in the power of the Public Works Department to afford. As to the former, the attention of the Deputy Commissioner is invited to the provisions of Section 53 of the Land Revenue Code, under which water rate is chargeable on all lands for which irrigation is made available. The owners of such lands should be urged to irrigate such lands without further delay. As to the latter class of lands, the Chief Engineer will be requested to have them carefully examined and all practicable facilities granted. The Deputy Commissioner is requested to report how much of the 1,010 acres belongs to the former class and how much to the latter.

3. The reason why the Inamdar of the Kuppagala Village does not appreciate irrigation as well as the large number of land holders higher up the Channel, is not explained. The Deputy Commissioner will ascertain the cause and correct any misapprehensions which may exist on the part of the Inamdar. The Deputy Commissioner will also ascertain and report whether the raiyats holding lands in the village have a better appreciation of water and would have it on the same terms as the Government raiyats.

4. Now that the Phut Pahani of the lands under the Channel is completed, the Deputy Commissioner will submit a statement in the annexed form for the information of Government as early as possible.

READ THE FOLLOWING PAPER :—

From the Deputy Commissioner, Shimoga District, To the Chief Secretary to the Dewan of Mysore, No. 657—614, dated 24th January 1891.

Has the honor to solicit early sanction of Government under Land Revenue Rules No. XXXI to enforce the provisions of Sections 146 to 151 of the Land Revenue Code in connection with certain lands in the Shikarpur Taluk, the crops of which have been attached in satisfaction of a Civil Court decree as reported by the Amildar of that Taluk in his *Itilla* No. 616, dated 17th December last submitted herewith for kind perusal and return when no longer required.

The Amildar has been directed to conform to the Rules in anticipation of sanction of Government.

No. 12579-86—Cr. 264, DATED BANGALORE, 11TH FEBRUARY 1891.

ORDER THEREON.—In individual cases, like the one reported by the Amildar in the Vernacular correspondence enclosed in the Deputy Commissioner's docket above read, the Deputy Commissioner is competent to issue orders under Section 146 on his own responsibility, and the previous sanction of Government is not necessary. It is only when the provisions of all the Sections 141 to 151 have to be applied to any particular tract of country, that the special orders of Government are necessary.

2. The Deputy Commissioner's report is not in accordance with the instructions contained in paras 2 of Dewan's Proceedings No. 1363-70—Cir. 23, dated 21st May 1890 and 11640—315, dated 13th January 1891.

3. The Vernacular papers are herewith returned.

READ THE FOLLOWING PAPERS :—

Letter from the Inam Superintendent, To the Chief Secretary to the Government of Mysore, No. 62, dated Bangalore, 20th January 1891.

In forwarding the correspondence ending with Seringapatam Amildar's arzi No. 1203—465, dated the 15th ultimo, together with a memo showing the particulars thereof, I have the honor to solicit the instructions of Government as to whether the Kayamgutta lands in question can be brought within the scope of the inam Settlement and treated as Jodi Inams, as it is the only apparent alternative for dealing with such cases.

2. It is requested that the enclosures may kindly be returned when no longer required.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 14th February 1891.

MEMO.

1. See the correspondence ending with Seringapatam Amildar's report No. 1203—465, dated 15th December 1890, reporting on the petition of one Mallama of Mysore, praying for the continuance of his Kayamgutta lands situated in the villages of Darasaguppe and Kudlaguppe, which were enjoyed by him till the Survey settlement as kayamgutta on the payment of 40 pagodas (=Rs. 116—5—11) to Government, on the authority of the sannad granted by His late Highness the Maharaja, dated 17th June 1821, and stating that at the Survey settlement the lands in question were fully assessed, on the ground that they were not established as inam at the Inam settlement.

2. The following documents have been produced in support of the claim:—

1 copy of Nirup, dated 17th June 1821 from His late Highness the Maharaja to the Fouzdar of Ashtagram, conveying the grant of—

	K.	K.	P.	P.	F.	V.	Jodi. P.	F.	V.	Kayamgutta. P.	F.	V.

Wet	16	7	13	55	0	2						

to one Anantatirthachar, in the villages of Kudlaguppe and Darasaguppe attached to Kirangur Hobli of Patna Ashtagram Taluk, to be continued without interruption.

4 Copies of Jodi Sarvamanyam, and Kayamgutta village accounts, &c., of 1826—1844—1851 and 1861, in which the above entries are borne out.

3. An enquiry was held by the late Superintendent of Ashtagram Division regarding the nature and origin of these tenures, and an account was prepared as per his Circular Order No. 35 of 1842, in which the above particulars are shown in detail.

4. The Amildar presumes that the lands in question were not noticed at the Inam settlement, simply because the gutta amount was credited in the Revenue accounts under the head of kandayam.

5. There are no definite and standing orders for the settlement of such minor Kayamgutta lands in Sarkar villages, though they were granted by competent authority and supported by sannad and accounts and enjoyed uninterruptedly for the last 70 years, and as they are kayamgutta only in name, they may be ranked with Jodi inams as supported by the accounts. There is a wide margin left in the assessment to impose quit-rent thereon according to the rules, if they are ordered to be treated as inams.

No. 12711-3—152, DATED 14TH FEBRUARY 1891.

ORDER THEREON—The Inam Superintendent's recommendation to treat the Kayamgutta lands referred to as Jodi Inams, subject to payment of additional quit-rent, is sanctioned.

READ :—

Letter from the Deputy Commissioner of the Kolar District, To the Chief Secretary to the Dewan of Mysore, No. 3064—717, dated 24th January 1891.

I have the honor to state that Kayamgutta Pemmaganahalli village, Chintamani Taluk, was sold by the Amildar on the 31st October 1890 in satisfaction of the arrears of revenue due thereon to Government as particularized in the margin.

		Rs.	A.	P
Kayamgutta	...	137	6	2
Interest	..	133	0	0
Notice fee	...	1	0	0
		571	6	2

2. The highest bidder at the sale was Patel Narayana Reddi of Gundalapalli who offered Rs. 150 for the village. This sum far less than the arrear due, the Amildar has purchased the village for Government for Rs. 571—6—2 which is the full amount due by the Kayamguttadars.

3. The Amildar reports that no one has up to date come forward to protest against the sale and the time (30 days) allowed in Section 185 of the Mysore Land Revenue Code for the said purpose has already expired. He has submitted the proceedings to this office for confirmation of the sale.

4. The provisions contained in para 9 of Rule XLI of the Mysore Land Revenue Rules presuppose the existence of a combination in the case of purchases by Government, while the Government order No. 3361-9—Cir. 56 of the 10th July 1890 which refers to the said Rules makes no such distinction and the orders Nos. 6582-90—Cir. 136 and 7382-92—Cir. 151 of the 2nd and 18th September 1890 authorize the purchase if there are no bidders or when the bids received are not proper or are unduly low.

5. The sale records do not disclose any combination in the present case and it is not clear whether the scope of the phrases "proper bids" and "unduly low" used in the orders of September quoted above, is intended to include cases not specified in the Rules. It is therefore a question whether the purchase of the village for Government by the Amildar whose action in the matter seems to have been based on the strength of the circular issued from this office under the Government order of the 10th July last prior to the publication of the Land Revenue Rules is legal, and also whether he could purchase the village for a sum equal to the full amount of the arrear to the exclusion of the Government right to proceed against the other property, if any, of the defaulter for the recovery of the portion of the arrear unrealized at the sale.

6. I therefore solicit instructions on the subject.

7. The records relating to the sale under notice are herewith submitted for reference and obliging return when no longer required.

No. 12729-36—Cir. 269, DATED 16TH FEBRUARY 1891.

ORDER.—The sale may be confirmed.

2. The existence of combination on the part of bidders can never be satisfactorily established. It may sometimes be presumed to have existed when the offer is unduly low. The Amildar is competent to bid on behalf of Government up to the amount of arrear, if he is satisfied that the property is undoubtedly worth the amount and the bids offered by others are unduly low, but the discretion vested in the Amildar must be exercised with caution, as the object of the Revenue Rules is merely the collection of revenue and not annexation of private property to Government. In the case under notice, there was no necessity for raising the bid to Rs. 571—6—2 while the last bid was only Rs. 150.

Letter from the Deputy Commissioner, Kolar District, To the Chief Secretary to the Dewan of Mysore, No. 1772—407, dated 9th September 1890.

I have the hon r to state that Section 25 of the Mysore Land Revenue Rules empowers Amildars to confirm sales of Government unoccupied lands when the sale proceeds are below Rs. 50, and to request instructions whether the power can be exercised by the Taluk Officers in cases where lands contain Shendi trees which under the orders conveyed in the Dewan's Proceedings No. 3593—81, dated the 11th September 1884 have to be disposed of by the Deputy Commissioner himself.

The lists of lands to be reserved on account of date trees have already been submitted for all the Taluks except Goribidnur for which one will be submitted on receipt of complete information from the Amildar.

In the meantime, I beg to be informed whether the Government order above quoted is to be regarded as being in force or as cancelled.

No. 12737-44—CIR. 270, DATED 16TH FEBRUARY 1891.

ORDER.—Section XXV of the Land Revenue Rules quoted by the Deputy Commissioner, relates to the procedure to be adopted as regards transfer of pattas and not to the limit above which land sales require confirmation by the Deputy Commissioner. Para 25 of Rule XX is doubtless what the Deputy Commissioner means to refer to. As to this, the Deputy Commissioner is informed that pending the preparation of lists A and B referred to in para 3 of Rule XX, and the determination of the reserves under Rule XI, the Dewan's Proceedings No. 3593—81, dated 11th September 1884, should be regarded as being in force. When the reserves are formed under Rule XI and the lists A and B are prepared under para 3 of Rule XX, the previous sanction of the Deputy Commissioner enjoined by para 2 of the Dewan's Proceedings quoted above may be dispensed with.

Correspondence ending with letter No. 2206—220, dated 19th November 1890, from the Inspector General of Forests, stating that the subject of the transfer of Bennehalla Kaval in the Chiknayakanhall Taluk was not reported to Government as no decision had been arrived at between the subject between the Officer in charge of the Amrut Mahal Department and himself and that the area of the Kaval referred to is 951 acres and 15 guntas, and requesting that sanction may now be accorded for the transfer of the Kaval to the Revenue Department for plantation purposes.

No. 12783-4—219, DATED 16TH FEBRUARY 1891.

ORDER THEREON.—It is evident from the above that the Amrut Mahal Officer's No. 82, dated 26th August last, addressed to this Office in which it was stated that the transfer had been effected, was written under a misapprehension.

2. The transfer of Bennehallada Kaval by the Amrut Mahal Department to the Revenue Department is now sanctioned. The instructions contained in this Office docket No. 6903—759, dated 11th September 1890, *viz*, that when any kavals in the possession of the Amrut Mahal Department are not required, they should be resigned to the Revenue Department and not in favor of any particular individual, will be observed in future cases.

I am directed to forward for the information of Government copy of Proceedings of the District Magistrate of Chitaldroog, submitting for the orders of this Court record in Criminal Case No. 41 of 1890 on the file of the Amildar and 3rd Class Magistrate of Jagalur and of the order passed by this Court in Revision Case No. 153 of 1890.

Proceedings of the District Magistrate of Chitaldroog, dated 20th August 1890.

READ—

(*a*). Calendar and copy of judgment in Criminal Case No. 41 of 1890 on the file of Srinivasa Rao, Amildar and 3rd Class Magistrate of Jagalur, and

(*b*). Also the record in the said case called for under Section 435 of the Criminal Procedure Code.

1. The offence with which the accused in this case was charged was, that he cut and removed 3 head-loads of date leaves from Sarkar jungle without obtaining a license therefor, as laid down by Government Notification No. 35, dated the 10th March 1889.

2. The accused (a Holair cooly by profession) admitted that he did cut and remove the leaves, as he wanted the same for repairing his leak hut, but pleaded that he was not aware of the rules prohibiting the cutting and removal of date leaves without a permit.

3. On these facts, the Amildar Magistrate found the accused guilty of breach of the rules laid down in above Government Notification, and sentenced him to pay a fine of Re. $\frac{1}{4}$ or in default to undergo one day's simple imprisonment.

4 The penalty provided in para 8 of the said rules for breach thereof does not appear to be intended to be inflicted as punishment for an offence under the Forest Rules, but only departmentally by the Amildar in his Revenue capacity. If it was intended to be in the nature of a penalty for a criminal act, it would have been stated that the fine should be inflicted on conviction before a Magistrate having jurisdiction, whereas the wording of para 8 only states that the Amildar may, after due enquiry, impose a fine not exceeding Rs. 50. Moreover the rules contained in the said Notification do not seem to have been made under any provision of the Forest Rules, under Section 40 of which certain offences are made penal.

5. The finding and sentence passed by the Amildar Magistrate therefore appears illegal, and the record of the case will be submitted for the orders of the Chief Court under Section 438 of the Criminal Procedure Code

Revision Case No. 153 of 1890.

In the matter of a *reference from the District Magistrate of Chitaldroog in the case of H. Thippaiya, accused in Criminal Case No. 41 of 1890 on the file of the Amildar and 3rd Class Magistrate of Jagalur.

* No 119—53, dated 20th August 1890.

ORDER.—We concur with the District Magistrate in the view he has taken of this case.

The authority under which the Rules published with Notification No. 35, dated 10th May 1889 were issued, is not stated, and para 8 of the Rules is in these terms—

" Any breach of these Rules or any of the conditions mentioned in the license shall subject the licensee to forfeiture of his license and to a fine not exceeding Rs. 50, which the Amildar may see fit to impose after due enquiry. "

It is clear from the wording of this Rule that the power to fine is given to the Amildar in his capacity of a Revenue officer, only in the case of a breach of the conditions of the license granted under Rule VI, and that the Government apparently intended that any such breach should be dealt with on the Revenue side and not punished criminally by a Magistrate. The conviction and sentence passed by the 3rd Class Magistrate of Jagalur being illegal, they are hereby quashed and the fine, if recovered, will be refunded to accused.

From the Excise Commissioner in Mysore, To the Chief Secretary to the Dewan of Mysore, No. 3138—170, dated Camp Nanjangud, 23rd November 1890.

In returning herewith letter No. 4757—151, dated 15th ultimo, from the Registrar of the Chief Court and its enclosure forwarded with your docket No. 9177—1140, dated 14th instant, for any remarks I may have to offer, I have the honor to state that I am of opinion that the offence was against a Revenue Law and that the Magistrate had no jurisdiction under it.

No. 12937-46—CIR. 274, DATED 18TH FEBRUARY 1891.

ORDER THEREON.—Recorded.

2. To obviate all doubt in the future, the following Notification will be issued in the Government Gazette :—

NOTIFICATION.

The Government of His Highness the Maharaja direct that the following addition be made to Rule VIII of the Rules published with Notification No. 35 of

the 10th May 1889.

"The amount of fine so imposed, shall be levied as a Revenue demand under Section 193 of the Mysore Land Revenue Code of 1888."

No. 12983-90—Cir. 277, dated 19th February 1891.

Order.—The Government observe that para 2 of Notification No. 4 of the 31st January 1891, issued by the Deputy Commissioner of the Kolar District, and published at page 103 of the Mysore Gazette, dated 14th February 1891 is too general, and the Notification is not in the form prescribed in the Revenue Rules. The attention of the Deputy Commissioner is drawn to paras 10, 11 and 12, Section XLI of the Revenue Rules, and before issuing the sale Notification, he should decide whether the whole village is to be sold or each vritti separately. In the latter case, he should specify the vritti or vrittis he proposes to sell. If the sale of the vritti or vrittis on which the arrear is due does not realize the arrear due, he should again issue a fresh Notification that the joint responsibility of the vrittidars would be enforced, and that the whole village would be sold. The public and the parties concerned would then know exactly what the Deputy Commissioner intends doing. In the case under notice, the Deputy Commissioner should cancel the Notification already issued, and issue a fresh Notification in the form prescribed.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 18th February 1891.

READ—

Correspondence ending with docket No. 1191, dated 6th December 1890, from the Deputy Commissioner of the Mysore District, recommending that the management of Jodi Kaigonahalli Village in the Attikuppa Taluk may be assumed by Government.

No. 13011—761, DATED 18TH FEBRUARY 1891.

ORDER THEREON.—The Deputy Commissioner's attention is drawn to para 3, Rule XXXIX of the Revenue Rules, from which he will observe that Inam villages should be taken under Government management only when the adoption of any of the ordinary processes specified in clauses (*a*) to (*c*) Section 156 of the Land Revenue Code, Regulation IV of 1888, is considered inexpedient, for any reasons, such as those specified in the Rule quoted above.

2. In the particular case in question. the only reason which is adduced for taking the village under Government management in preference to selling it in the usual course is, that it would be profitable to Government to do so. the revenue of the village being expected under such management to amount to Rs. 1,000 a year, while the annual jodi due to Government is Rs. 268—9—7 and the arrears of jodi amounted to less than Rs. 406 in July 1889.

3. The Government do not understand how it can derive any profit from managing the village. The Inamdar is entitled to claim the restoration of the village as soon as the arrear is liquidated from the proceeds of the village, and it is not likely that the Inamdar would allow the Government to keep the village even after the liquidation of the arrear. Certainly the Government would gain if the village be resumed by Government for arrears of revenue, but the procedure is neither equitable nor is it sanctioned by law, the Inam being an enfranchised one. The Deputy Commissioner is therefore directed to adopt the usual processes of attaching and selling the village for the arrears due.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Mysore District.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 18th February 1891.

READ THE FOLLOWING PAPERS: —

From Colonel W. HILL, Civil & Sessions Judge, Bangalore, To the Dewan of Mysore, dated Bangalore, 21st February 1889.

If my Memo on Agricultural improvements needed in Mysore has been printed, will you kindly favor me with a few copies?

There is one point upon which I had not opportunity to dilate. It is the importance of Horticulture. Mysore cannot complete with the cities of Northern India or with many Native States in magnificence or in pomp or pageantry owing to the absence of Native chiefs, but it surpasses all in its fine climate which is admirably adapted for the culture of English flowers, fruits and vegetables. The money value of such cultivation is great and may be gauged by the quantities of such produce now exported by Rail. Therefore Bangalore and all its chief towns should possess gardens which might be unrivalled in Southern India: and it is to this point to which I would direct the attention of the Durbar. The Lal-Bagh is well in its way but it is entirely eclipsed by Kew Hampton Court, the Crystal Palace grounds, the Paradinaya garden in Ceylon, the Park in Sydney, that of New York, &c. There is no reason why it should be. You have got the man in Cameron, all that is wanted is the money and seeing the profit Mysore is making in this direction, for the prosperity of the people is the prosperity of the State, the money should not be grudged. The new Exhibition building is a sign that the Government is recognizing its duty in this direction, but pardon me if I submit that more might be done and I hope will be done under your fostering care as it pleases me beyond measure to notice that both yourself and your Secretary are active patrons of floriculture. As a recent Judge of fruit at the last Show, I made some remarks which have doubtless received your attention but what I omitted was that I was ashamed to award such petty sums as prizes. I hope they may be doubled at the next Show, also that some special prizes, call them the Maharaja's and some the Dewan's prizes, may be given from their private purses for the introduction of new varieties, say of Rs. 25 in each case as importers such as Dr. Dobson and Mr. Leonard are placed to heavy expense in experiments.

Next the gates at the Lal-Bagh are a terrible eye-sore to persons of good taste. Oh, the beauty of the iron gates at Kew! I hear that there is an Agent of Messrs. H. S. King and Co., here at present. I hope you will instruct him to send you out a plan and estimate for facsimile gates for the Lal-Bagh. It is most desirable to do the thing *well*.

I was gratified to notice the number of new fruit trees planted in the garden below the Palace. It is a move in the right direction but more still might be done in taking in for that purpose all the ground at the head of Miller's Tank and between the Cubbon Park and the high road leading from the Cantonment to the Petta by the Museum.

Mysore, Hassan, Shimoga, Tumkur and Kolar should all have their Lal-Bagh. Also the old Lal-Bagh at the foot of the Manjarabad Fort should as I once advised be resuscitated for the culture of oranges and other fruits suited for a moist climate. Place Mr. Cameron in general charge of all and get another good gardener up to the latest improvements as assistant gardener at the Lal-Bagh, one also for Mysore from Kew. The expense might be met out of District Funds.

Excuse me please for venturing to suggest that a special honorarium in the form of a gift of Rs. 500 might be given to Mr. Cameron for introducing the new vegetable known as Coco into the market and new varieties of fruits, potatoes, &c. It is such gracious acts of the approval of their Sovereign that men value.

The accompanying extract from Mill will emphasize what I have urged in General Ottley's pamphlet on hay (of which I was in reality the writer) and in my memo as to Government taking the initiative in these and other measures.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 18th February 1891.

"In the particular circumstances of a given age or nation there is scarcely anything really important to the general interest which it may not be desirable or even necessary that the Government should take upon itself, not because private individuals cannot effectually perform it, but because *they will not*. The public are either too poor to command the necessary resources, or too little advanced in intelligence to appreciate the end or not sufficiently practised in conjoint action to be capable of the means. This is true, more or less, of all countries inured to despotism and particularly of those in which there is a very wide distance in civilization between the people and the Government, as in those which have been conquered and are retained in subjection by a more energetic and more cultivated people."

Principles of Political Economy by J. S. Mill, Vol. ii, page 551.

Agricultural propositions submitted for the consideration of the Mysore Durbar by Colonel W. Hill, formerly an Officer of the Mysore Commission, dated 31*st December* 1888.

The *"burning"* question of the day which presents itself for solution in Mysore is the adequate supply of firewood to meet the necessities of the two large cities of Bangalore and Mysore and the growing wants of the Railway, Factories and Mines. This difficulty is steadily on the increase as indicated by the marked rise in the prices of fuel, it having been doubled within the past ten years. It may also be conceded that although the efforts of the State in the enclosure of Forest reserves and in the formation of plantations are most commendable, yet the quantity of trees planted does not reach a tenth part of that felled.

It is very obvious that the only plan that can in any way meet the above difficulty is to lose no time in the adoption of such measures as may enlist the co-operation of the rural population in the work of afforestment. Former Chief Commissioners have intimated to me demi-officially their concurrence with propositions which I brought forward when Deputy Commissioner of Hassan ; but expressed to me their powerlessness to give them effect consequent on their being attended by a temporary sacrifice of revenue. But His Highness the Maharaja's administration are unfettered in this respect, and with an elastic revenue are now in a better position to recognize their duties as land lord of the soil by giving encouragement to their tenants to improve their lands. They can refrain from strangling individual enterprise by heavy assessments imposed on recovered Bechirakh (abandoned) villages and on gardens and can treat with villagers in that patriarchal fashion which is the only means of rousing them from their present state of indifference. The raiyats have neither individually the capital to carry out improvements on an extensive scale nor have they the enterprise or intelligence to combine their labor towards the attainment of objects needed for the common weal. These can be carried out only under official direction, which should not be wanting and by direct encouragement by means of liberal remissions of revenue.

The aspect which most parts of Mysore presents to the ordinary observer is one of desolation. Great tracts of barren, brown, undulating land, broken here and there by a few tanks and cultivation along the valleys. But in Bangalore the scene changes. The once barren plain has been converted into a succession of well-wooded enclosures, forming the compounds of the European residents ; and this change is one which is within the power of the raiyats to effect also, so as to alter the whole face of the country, and convert much of what is now a barren land into a *fruitful* field. The question is how this can best be done.

(*a.*) The first measure to be undertaken is to improve the gomalas or village pasture lands which now yield the coarsest and most unnutritious form of grass, barely adequate to support the wretched breed of cattle which the raiyat is not ashamed to call his* own. Each gomala should be divided into two. The upper

* With better grass the raiyat will be able to keep better cattle.

portion may still be reserved for wet weather and general grazing purposes : while the lower-lying and better part should be set aside for forage to meet the requirements of the trying hot season. The latter must be protected by the excavation of a good sized ditch, the upper slope of which should be planted by a thickset hedge, so as to form a barrier against the inroads of cattle and goats. Corkapuli and soap-nut would form the best and most remunerative hedge, but cassia florida and honge would do nearly as well, or even lanthana in which sandal might also be sown failing which the two varieties of milk-hedge or aloes might be used in places where such are only available. The tract thus reserved should be marked out into allotments for each raiyat, who should be required to define the plot by planting six fruit trees such as jack, graftmango, custard apple, guava, &c., and six other trees, the black thorn (babul) and neem being preferred. Advantage should be taken of the heavy rains of the North-east monsoon to get him to plough up the land, and take off it a gram crop free of charge. The following year he should be required to encourage the growth of hariyali or good Rumna grass* which he will be allowed to cut for the use of his cattle. The same system should be pursued in following years. All that the raiyat would be required to do would be to maintain his portion of the hedge, water his trees, and weed out other grasses which would spoil the the hariyali or Rumna grass : and should he fail to do so his enjoyment of the plot should be held liable to forfeiture and transfer to any new settler in the village or any other raiyat who would undertake the task. In future years no tree should be allowed to be felled until two others had been planted. As a direct encouragement to raiyats to undertake the work which will be arduous at first owing to the distance of the pasture lands from the village and from access to water, the assessment of their dry fields should be reduced by one-half for four years with a limit of Rs. 10—0—0 yearly in any individual case. It is not to be supposed that all this can be effected at once. A selected village in each hobli or a hobli in each taluk may be dealt with first, and more rapid progress follow on success being ensured, or perhaps it may be deemed advisable to limit operations in the commencement to the Nagamangala Taluk of the Hassan District in which the hariyali flourishes, or to the Kankuppa Taluk of the Chitaldroog District, and to the Hoskote and Dodballapur Taluks of the Bangalore District,† in which the raiyats already appreciate the advantages of reserved land for forage : but these matters of detail may be left to the District officers, whose opinion on the proposal may be obtained.

(*b.*) Another feasible measure for extension of arboriculture is one suggested by the Kurow tenure, formerly existing in the western portion of the Arkalgud Taluk, and by the well-known fact that trees flourish best by the water-side. It is proposed that each holder of dry land by the side of all rivers, nalas and tanks should be individually called upon to enclose a strip of thirty yards in width alongside such rivers, nalas and tanks, under the promise that he will be allowed a remission of half the assessment of the whole field for ten years‡ and upon the condition that he will engage to plant up the enclosed strip with fruit trees, casuarina, honge or good timber. The experiment may be tried first in the Arkalgud Taluk and in such hoblis of other taluks in which the District and Forest officers may consider it likely to meet with success.

(*c*) A very simple and effectual way of making the country better wooded would be to call upon the raiyats to plant jack and other fruit trees at each of the earthern mounds which they are required to keep in repair as boundary marks to their fields. Nurseries might be formed at Taluk and Hobli Head-quarters for the

* Probably this grass will be found preferable in the friable soil round Bangalore and Mysore.

† It may be expected that if abundant forage could thus be supplied to the troops, a check would be placed on the inroads of grass cutters who now steal grass belonging to the raiyats.

‡ These lands are much valued for ragi cultivation.

supply of graft mango plants, the cost being borne from District Funds.* The health of the raiyats would be much improved by a supply of good cheap fruit, to vary their present coarse fare. It would be probable also that with improved railway communication they would be able to find a market for fruit in the Bombay Presidency.

(*d.*) Bechirakh villages and denuded forest tracts might be dealt with in the manner proposed for gomalas. The assessment should be free for ten years and after that not exceed half of the lowest dry land assessment in taluks and the grant should be liable to be resumed if the holder omits to perform the terms of the kaul plant up the whole within five years and not less than one-fifth each year. They should be allowed to enjoy the produce of the sigékayi (soap-nut) planted in hedges. These terms may be allowed to have retrospective effect in the case of present holders, should they agree to the conditions.

(*e.*) The planting of avenue trees has done much to improve the face of the country : but since few new roads have been constructed within recent years, operations in this direction have come to a stand-still. Road communication cannot be said to be complete until every hobli market is connected by a road with the nearest high-road and each village is linked on. A system of railway feeders has also to be made in connection with every station. It will be a good day for Mysore when these are all completed, and they and the whole of the roads leading up to every village is shaded with avenue trees. In England the people take the initiative in all such improvements themselves but in India they wait for the Sarkar. Seing the large extent of country to be dealt with, the local cess was fixed originally too low to admit of sufficient progress being made at the cost of District Funds;† therefore the only alternative would be to make the raiyats do such work themselves in the same manner as was so successful in the Mysore District some years ago, the Local Funds bearing the cost of providing the bridges. In accordance with the ancient bitti system food should, I think, be supplied to the raiyats through the Patels when they contribute a week's labor in the year to Public Works—the cost, which would not exceed Rs. 500—for each road being met from Local Funds. In the Shimoga District where these funds are supplemented by an irrigation cess, there should be no difficulty in meeting such a charge, and in other Districts in which the cess was merged with the assessment, 1 anna in the rupee ought rightly to be credited to the District Funds for local purposes of this nature.

(*f.*) Equally important if not of greater consequence than any other question before the Mysore State is that of encouragement being given to garden cultivation. With the experience gained of the mistaken policy of high assessments in the past, it may be confidently expected that the matter will be dealt with by the present Administration on those broad and statesmanlike principles of *give as well as take* which should guide it in seeking the welfare of their subjects. The principle is now conceded in Ireland as elsewhere that the land-lord is justified only in taxing the land and in India in charging a water-rate for water supplied to the land, but that the tenant is fully entitled to reap *all* the benefits from his own improvements. Therefore the broad rule should be laid down that no enhancement of assessment will be made on wet and dry lands if converted into garden ; and since the good done to the country by such cultivation is great and as the issue of water for irrigation is lessened, the bengar rate of assessment should only be charged for the first 10 years, till land taken up for garden cultivation comes *fully* into bearing. It may be mentioned that among other advantages derivable from increased garden cultivation are the encouragement of the growth of capital, the supply of wood to raiyats for build-

* The execution of this proposition would necessarily have to be deefrred in those taluks in which the reclamation of pasture lands may be proceeding.

† The exemption of raiyats from mohatarfa admits of a start being made with village sanitation by the levy of 1 anna a month on each house for the purpose. Sources of water supply should be attended to and the levitical law enforced, pits filled up, &c.

ing purposes, the growth of sandal trees in hedges* and the provision of a suitable means of livelihood to Brahmins who, though they may be regarded by District officials as troublesome, rank among the best educated† and most enterprising cultivators in the country.

It was further suggested by me that in order to stimulate the raiyats towards improvement of their gardens two prizes of Rs. 25‡ each should be awarded annually in garden Lobbs. One for the best kept garden and the other for the greatest improvement of a neglected garden: the prize not to be given to the same holder a second time for ten years. The present condition of this class of cultivation in most parts of Mysore points to the urgent necessity for liberal consideration being given to the holders in view to save their enterprise from extinction with which it is threatened: and the Supreme Government, which showed itself ready to make concessions in the case of coffee estates in Coorg would, if moved, readily admit the necessity of dealing with the raiyats in the spirit of the above proposals, even though some of them may appear to be more or less opposed to the thirty years' settlement.

Addendum in respect to the cultivation of cotton.

The extension of the railway will give a great stimulus to the growth of cotton but a reference to the prices given for the different descriptions of cotton in Bombay will show that the Mysore raiyats receive 20 per cent less for their cotton than those of Bengal. It is proposed that the Patels of all villages in the cotton growing parts of the country be supplied with Higgrunghaut cotton seed and be required to sow it in one or more of their fields in lieu of the country seed, being promised a remission of revenue in the event of failure. Failure is not likely as when Higgrunghaut was tried by me at Halebid and Chamrajnagar, it proved a success but the extension of the cultivation was checked from want of a market; should the experiment succeed, large quantities of seed should be imported and given to the raiyats in exchange for their country seed, and Patels should be required to see that none other is sown for three years. A very fine cotton, evidently New Orleans, is grown by a few raiyats of the Bangalore and Hassan Districts in their backyards. The growth of this should be encouraged by the offer of prizes and distribution of the seed.

Note by Mr. P. CHENTSAL RAO, C. I. E., dated Bangalore, 20th November 1889.

Colonel Hill in a private conversation drew my attention to a Memo he sent to the Dewan sometime ago on the various improvements he suggested to be introduced into the Mysore Province and gave me a copy of the Memo. As the subject is still under the consideration of the Dewan, I venture to submit the following remarks for such notice as they may deserve.

(2.) I shall notice each of his suggestions in the order in which they appear in the printed Memo.

---

* The garden holders should be allowed Rs. 2 for each good sandal tree felled.

† Notwithstanding the survey the raiyats are still victimised by the Shanbhogs. A school is needed in each village. Fees should be levied as in Coorg and Government make an equivalent grant.

‡ It might be left to the option of the winners to accept equivalent value in graft mango, apple and peach cuttings. The Lal-Bagh might be made more useful as a large nursery for their propagation and distribution to raiyats at a nominal charge. The potato, French and large creeper bean were successfully introduced by me at Hassan and are now sold at the weekly markets there and in Coorg. Better varieties of these seeds might be supplied, also of pumpkin seed in the Malnad and of Spanish onion and carrot seed to the Davangere and Molkalmuru Taluks of Chitaldroog where they are extensively grown.

(3.) He draws attention to the inadequate supply of firewood to meet the increasing demand for it and makes the following suggestions.

(4.) He suggested that the gomal lands of each village should be divided into two sections—one for a wet wealth and general grazing purposes, the other for the requirements of hot season. The latter, he says, should be marked out into allotments for each raiyat who should be required to plant a few trees in it and grow hariyali grass, after taking a gram crop out of it free of assessment. As an inducement to the raiyats to do this, he thinks that the assessment of their dry lands should be reduced by one half for 4 years, subject to a maximum remission of Rs. 10.

Under the present rules, a tract of land in each village is set apart for free pasturage, but the raiyats do not take sufficient care of it as it is the common property of all the villages and there is no individual interest. Moreover these pasture lands are liable to be given out to applicants for cultivation and with such a liability it is not likely that raiyats would take any interest in planting trees or growing fine grass in them. The division of lands among the raiyats would not improve matters so long as they have no proprietory right in them and so long as they are liable to be given out for cultivation to others. The point then for consideration is, whether the raiyats should be allowed any gomal lands free of assessment with full proprietory interest in them, or they must be told to grow trees and good grass in their own patta lands. The question was fully considered in Madras and the decision arrived at is, that if the raiyats wish to have proprietory rights, they must pay the full assessment charged on it by the Survey whether they cultivate grass or raise a crop. For growing firewood and other timber trees, waste lands are allotted free of assessment for 20 years—a rule which is in force in this Province also—and no more concession has been considered necessary to encourage plantations. The rule that if a raiyat wishes proprietory rights, he must pay the assessment charged on the land, is sound in theory, provided the assessment is light, but our assessments are charged with reference to the capacity of the land to yield a crop, and it seems to be hard to call upon the raiyats to pay the assessment on lands used as pasture only. Moreover the traditional feeling is that every raiyat who cultivates land and pays assessment to Government is entitled to some free pasturage for his cattle, and however light the assessment may be, he is not satisfied if he is called upon to pay any assessment for the land used as pasture. I think in an agricultural country like this, it would be fair if the raiyats are allowed pasture lands free of assessment at a certain percentage of the lands they cultivate, say, an area equal to one-fourth of that they hold on assessment. Then the grass lands as well as the lands on which they grow crop will be their absolute property and there will be every inducement for the raiyat to improve them. Colonel Hill's suggestion that the lands granted for pasture should be transferred to others if they do not plant trees and grow good grass in them, does not commend itself to me. It is the raiyat's look out to see that their lands are kept properly. I do not also like his proposal to remit the assessment of the lands of the occupant as an inducement to keep his pasture lands in proper order. It is something like offering bonuses to men for living well and keeping their houses clean. The absolute ownership is a sufficient inducement and it will be enough if we give it. If the lands granted free of assessment for pasture, are cultivated, with a crop, it is a question whether they should be assessed or not. I would not charge any assessment. We give lands for pasture and it does not matter to us whether the raiyats use them for pasture or for other purposes. We shall have done all we could and it is for the raiyat to see how he can utilize the lands to the best advantage. My proposal does not entail any immediate loss to Government. We have plenty of waste lands and it does not matter if we do not get assessment on a portion of them. The indirect effect of granting pasture lands free of assessment will be extension of cultivation. All waste lands over and above the grant proposed above may be sold for pasturage with the exception of a small portion for the use of the non-agricultural community.

(5.) Another proposal of Colonel Hill is that all occupants of lands by the side of rivers, nalas and tanks should be called upon to enclose a strip of thirty yards in width along side of such rivers, &c., under the promise that they will be allowed a remission of half assessment of the whole field for 10 years and upon the condition that they will plant up the enclosed strip with Forest trees, &c. We have already a rule that waste lands may be granted for plantation free of assessment for 20 years and I do not understand what Colonel Hill's proposition means. If he means that the raiyats should be compelled to plant trees under the above conditions, I disagree with him. Forced cultivation of any shape is objectionable and I would not resort to it.

(6.) Another proposition is that raiyats should be called upon to plant jack and other fruit trees at each of the earthern mounds which they are required to keep up as boundary marks. We must consult the Superintendent of Revenue Survey. I doubt whether the trees will serve as good boundary marks. Trees may be planted all over and destory the boundary marks altogether.

(7.) Colonel Hill would grant Bechirakh villages and denuded Forest tracts for plantation free of assessment for 10 years and on one half assessment ever afterwards. I think that the existing rule that such lands may be granted free of all assessment for 20 years is liberal, but I have no objection to charging only half assessment instead of full assessment afterwards. I do not however think that this concession will have much effect. If freedom from assessment for 20 years is not a sufficient inducement, I do not think that a promise to charge only half assessment afterwards will add much to it.

(8.) Another suggestion is that raiyats should be compelled to plant avenue trees along the roads passing through the villages. Colonel Hill speaks of granting batta to those who supply labor gratis. I do not clearly understand the proposition and the enforcement of compulsory labor is always attended with difficulties. We may however encourage avenue plantation by granting small rewards in the shape of a jewel to such persons as may voluntarily undertake the duty. They may also be allowed to enjoy produce of the trees.

(9.) Colonel Hill proposes to encourage garden cultivation by promising not to enhance the assessment of dry land converted into garden. Such a rule already exists. He also says that the Banjar rate of assessment only should be charged for the first 10 years. I do not understand what the suggestion means. The land will pay the dry assessment and not the Bagayat assessment. Of course waste lands may be granted on progressive kaul under the rules, but where lands already cultivated are converted into gardens, no remission of the assessment is called for. Freedom from enhanced assessment is enough.

(10.) Colonel Hill proposes the grant of two prizes of Rs. 25 each annually. One for the best kept garden, the other for the greatest improvement of a neglected garden. The distinction is not intelligible but I am in favor of a prize.

(11.) Another proposal is that Patels of villages in the cotton growing parts should be supplied with Higgrunghaut cotton seed and required to sow it in some of their fields with a promise of the remission of assessment in case of failure. I know nothing of the advantage of this particular species of cotton, but the measure may be tried in some localities. The best way of encouraging such cultivation, is by opening a few and small experimental and model Farms in important places, and demonstrating to the raiyats the advantages arising from the introduction of such new species.

Note by Mr. T. R. A. THUMBOO CHETTY, addressed to Mr. P. CHENTSAL RAO, dated 21st November 1889.

I return with thanks your Memo on Colonel Hill's suggestions.

Your proposal, with regard to Hullugaval land, would, if carried out, entail, I am afraid, a great sacrifice of revenue; and in the long run, as population increases,

leave little or no land to be taken up for cultivation by new settlers and others residing in a village. If a percentage of the lands in each village is to be permanently made over to the villagers for free pasturage with the option of cultivating them whenever they choose to do so, it would be well, I think, to impose a nominal or light assessment, say ¼ of the average dry rate now prevailing in the village.

I think it would be useful, in connection with the subject, to ascertain the extent of land set apart in each village during Survey Settlement as free common, and the proportion such land bears to the assessed area. We will then be able to decide whether it would be feasible to give effect to your proposal with advantage both to the raiyat and Government.

The difference then between my and Mr. Thumboo Chetty's proposal is this. He proposes to sacrifice 12 annas on pasturage, I propose to sacrifice 16 annas. I do not much object to his proposal.

22nd Nov. 1889. P. Chentsal Rao.

Government Order No. 7327—95 and 7328—787, dated 20th December 1889. These papers relating to certain proposals from Colonel Hill are circulated for the opinions of the Superintendent, Revenue Survey, and the Director of Agriculture.

From the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Government of Mysore, No. 635, dated 20th January 1890.

Dewan's Circular No. 7327—95, dated 20th December 1889, forwarding for opinion certain proposals from Colonel Hill regarding the Agricultural Improvements in Mysore.

Has the honor to submit the accompanying Note drawn up by the undersigned on Colonel Hill's Memo on Agricultural Improvements in Mysore.

2. The Circular and its enclosures are herewith returned.

Note on Colonel Hill's Memo on Agricultural Improvements in Mysore.

Colonel Hill's suggestions are so evidently prompted by pure philanthropy, and are in themselves so excellent that it seems almost ungracious to have to criticize. However much I may approve of the ends in view I feel bound to find fault, to some extent, with the means suggested to be employed.

My main objection is to the proposed manipulation of the revenue, by granting remissions, in order to induce co-operation on the part of the raiyats. Colonel Hill admits that the raiyats, individually, have neither the capital nor the energy to carry out the proposed improvements nor have they power of cohesion for such a purpose. The remission of assessment will not, in itself, supply the absence of such requisites. Whether remissions be granted or not official direction and influence will have to be resorted to. The granting of remissions is notoriously a delicate measure and by most Revenue Officers of experience is considered to be an unwise one. In the present instance it may perhaps be said that the evils of remission are reduced to a minimum. Allowing this, but only for the sake of argument, I submit that the necessity is not so great as to justify the measure and it will not be at all cheaper for Government to grant remissions in order to provide what money may be required than to provide that money direct.

Colonel Hill takes an optimist's view of all that has to be done and I must therefore briefly note what appear to me to be objections to, and difficulties in the way of, carrying out his proposals.

Colonel Hill. (*a*).

Gomals are by no means so well defined as is supposed, nor is it possible to make them so. In settled Taluks gomals are represented by such and such Survey numbers. These are sometimes in a well defined block, sometimes they are scattered. Many villages possess no gomal at all. In some instances the cattle of several villages, by right

of "Mamul," graze on land set aside as free grazing in only one village. This state of things would surely complicate, not only the operations contemplated but the granting of remissions. Village commons (free grazing), from their very nature, are inconsistent with the care suggested to be expended by each raiyat on his individual plot. Under such circumstances common land would be by no means what the name implies.

Colonel Hill (*b*).

The "Kurrow" system, as in the w t of Arkalgud (and in Coorg too, it is presumed, which adjoins Arkalgud) is suggested. It must surely be apparent that the inclusion of a strip of 30 yards by the side of all rivers, tanks and nalas, free of assessment, I presume, means exclusion of all outsiders. The "Kurrow" system would only apply to the "Atchkats" of tanks. In the case of the tanks themselves, rivers and nalas, the chances are that, to include the 30 yards strip, raiyats would have to be dispossessed and compensation awarded. In the case of Coorg, a jungle country, the "Kurrow" lands are probably as old as the holdings they belong to. Had the Government of India decided to proceed with the settlement of Coorg, it was my intention to have assessed the "Kurrow" lands at dry rates, and the suggestion was greedily jumped at by the occupants, showing clearly that, in the eyes of the raiyat, proprietory right takes precedence of everything. In a jungle country Colonel Hill's suggestions might possibly be feasible, in a plain country, with the countless interests that would be affected, never.

Colonel Hill, (*c*).

I do not think the planting of trees at each Bandh would do any good. Trees are not distinctive objects. Nothing but a thorough careful annual inspection, as much necessary in the interests of good revenue management, as of the boundary marks, will do any good.

Colonel Hill. (*d*).

Rules of a liberal character already exist regarding the granting of the Bechirakh villages and of uncleared tracts. I am not myself in favour of the rules regarding Bechirakh villages even as they now stand, much less am I in favor of any new rules which would fix the final assessment at less than the survey rate.

Colonel Hill. (*e*).

I have nothing to urge against this.

Colonel Hill. (*f*).

The Garden "Shraya" Rules are quite liberal. Colonel Hill touches here upon questions fully disposed of in our settlements. The granting of two prizes as proposed might do good, but I fear the award for the best reclaimed garden would be a very difficult one to make.

Colonel Hill. (*addendum*).

I quite approve.

Mr. Chentsal Rao in his notes alludes to the liability of lands set aside for free grazing being taken up for cultivation. This is quite true and I may remark that at no time, within my experience, has there been such a rush for unoccupied land of all sorts as just at the present time. District Officers almost invariably support "Darkhasts" for lands set aside as free grazing. As a rule I consider this right, but there is no doubt that if the villagers were told that, in consideration of their improving the grazing lands already granted them, darkhasts would not be entertained for them, the concession would act as a bribe to exertion. There are always however two sides or factions in matters of this kind, some raiyats demanding the land for cultivation and others opposing. It might be well to make very careful enquiry into the applications for gomal land and not to give it out for the mere asking. The influences which oppose the spread of cultivation are however not always very wholesome and are generally prompted by the village officers. The question requires great care and judgment. On the whole I consider that full proprietory right, the full assessment,

except where existing rules otherwise provide as, for instance, where the lands have been long overgrown with jungle, should precede improvement. The assessment, as supposed by Colonel Hill, is by no means so heavy as to strangle enterprise, as the present desire to take up land fully proves. There is no lack of applicants for land, but they like to go their own way about improving the land they acquire. I think a good many improvements have already been effected, notably in the formation of plantations, the sinking of wells and so on. Self interest aided by enlightenment is the best incentive to improvement. In the matter of enlightening the raiyats, a gardener to carry out experiments, not in one place but all over the Province, might be appointed as was done in the Dharwar and other Districts of Bombay.

If Government desires to carry out Colonel Hill's suggestions and expend care on any particular land, the land should be taken up for that purpose. What the raiyats, as a community, can do towards improving their gomals is all well and good but to put individual raiyats in charge of certain plots is to practically confer a kind of proprietory right. At any rate the action should be spontaneous on the part of the village community and should not, as regards free lands, be authoritative on the part of Government.

My remarks have been made not in any opposition to Colonel Hill's suggestions on matters with which, in their main bearing, he is much more conversant than I am, but in order to contribute my share towards threshing out the questions raised. I have therefore pointed out where those suggestions in my opinion clash with good and straight forward revenue management. Government cannot afford, for moral as well as other reasons, to manipulate the revenue here, there and everywhere, by remissions and reduction of assessment.

From the Director of Statistics and Agriculture in Mysore, To the Chief Secretary to the Government of Mysore, No. 483, dated Bangalore, 11th March 1890.

In acknowledging receipt of your docket No. 7328—787, dated the 11th ultimo, forwarding for report certain proposals made by Colonel Hill regarding Agricultural improvements, I have the honor to reply as follows:—

I. As regards Horticulture, Colonel Hill refers to the petty sums awarded as prizes at the Show. This is a point which has engaged attention for years past. The money value of the prizes might be raised when the number of competitors increase. At present the number is but few and most of the prizes fall to particular individuals. At the same time it has to be remarked that at the bigger Show in Madras the amounts given as prizes are also small. One of the best ways in which Colonel Hill can benefit floriculture is to become a contributor at these Shows. It is surprising to find how few of the residents of the station come forward to help in our Shows, either in the fruit, flower or vegetable sections.

II. I have already advocated the getting out of a good European gardener from Kew as an Assistant to Mr. Cameron, as it is desirable that Mysore, the Capital City of the Province, should be embellished by suitable ornamental parks and gardens. It is also highly necessary that more funds should be allotted to the Lal-Bagh for the introduction and propagation of new and improved varieties of fruits, flowers and vegetables. The floral aspect of the Lal-Bagh is at present far from what it should be. Almost every variety known of orchids, roses *bulbous*, rooted flowers and chrysanthemums, &c., should be found in the Lal-Bagh and this is not the case at present, owing to insufficient funds and establishment. The new Exhibition building will also require a deal of filling up with choice flowers and foliage plants and which cannot be done with the limited funds now at Mr. Cameron's disposal.

III. As regards the liberal remissions of revenue suggested by Colonel Hill for the encouragement of the growth of firewood, I have some time back recorded my opinion that the raising of fuel bearing trees without any concessions at all already promises to become a paying speculation. The Plantation Branch of the Forest Department is also largely engaged in forming plantations. In these matters I much prefer the well considered rules and principles of settled forms of Government and the laws of supply and demand to the patriarchal system advocated throughout his propositions by Colonel Hill. The Mysore raiyat has quite enough knowledge, and sharpness to know when it will pay him to grow firewood, and he may be safely left alone in this matter.

IV. The improvement (see para *d* of Colonel Hill's Memo) of "Gomalas" or village grazing lands by ploughing up of the same, planting hedges, and trees and grazing or cutting down the grass in compartments by rotation is not a new idea. So far back as 1870 the then Chief Commissioner Colonel now Sir Richard Meade issued a Circular to Deputy Commissioners on the subject of Colonel Boddam's deputation to devise means for the amelioration of the condition of the cattle in the Province represented as deteriorating and as a rule feeble and unable to stand vicissitudes of the season—the cause chiefly attributed to bad breeding and want of forage in the dry season and Colonel Boddam was requested to initiate a remedy by inducing the agricultural population to cultivate indigenous grasses, &c.

In common with other Deputy Commissioners, Colonel Hill I believe included, I had to give my views on the subject and which I did at considerable length stating among other things that I was of opinion that the benefits of "Gomala" or grazing lands had been overrated, but that such lands should be divided into two or three compartments to be grazed over in rotation, and further to utilize such grazing lands, to their fullest extent that the villagers should join together to plough up the same, &c. But there are facts militating against such scheme such as the necessary interference of petty officials and the inability of the raiyats to plough up the grazing lands at the proper time. As it is, many raiyats plough and sow late, because they have not enough cattle, or too many fields, and only get through their ploughing and sowing by a system of mutual help in cattle, &c. Apart from these drawbacks the raiyat is required by Colonel Hill to weed his portion of "Gomala" grown with grass. Such weeding is a very expensive operation which very few raiyats would even attempt, and it would have to be carried on at the same time as their fields under grain crops required to be weeded. The necessary labor and funds for the latter purpose is not always forthcoming. So there would be but little prospect of the grass being weeded. There will be no difficulty in providing abundant forage for the troops if only a proper price be paid for the same. The rates at present are so low that growing forage is scarcely remunerative.

V. To write of the wretched breed of cattle which the raiyat is not ashamed to call his own is certainly overstating the case. Cattle breeding is pursued as a profitable occupation in many places, so much so that the Mysore breed is well known throughout Southern India and at the great annual fairs held in several Districts of the Province purchasers are attracted in large numbers from many parts of Her Majesty's Territories, should the demand for good cattle go on increasing, as evidenced by enhanced prices, it is certain that the necessary fodder will be forthcoming without any meddlesome interference on the part of Government officials.

VI. I am not acquainted with the "Kurrow" tenure (para *b* of Colonel Hill's Memo). That officer's recommendation under this head would seem to involve a large sacrifice of revenue. A long strip of trees would spoil the grain cultivation along such belt by roots and shade, besides being a harbor for birds feeding on the crop. In garden cultivation, leaves and branches are required, but I would not sacrifice revenue to induce raiyats to do what they should do at their own cost and for their own benefit, and what in fact they will readily do when assured by the security of proprietory right.

VII. In time the raiyats may come to an agreement to have a general arbor day, but to "call" upon the raiyats to plant fruit trees at each of the numberless bandhs that cover the Province, and to see that such "call" was properly carried out would be a difficult task. It is at times [illegible] easy to get raiyats to plant out even avenue trees, &c.

I believe Sir Richard Meade suggested something of the same nature as regards ordinary trees, but I am not aware of any District Officer, Colonel Hill being one of the number, having been successful in this direction.

VIII. *d* of Colonel Hill's Memo—

"Bechirakh" village rules are in my opinion too liberal even at present, and here it is proposed to make them more liberal and with a final sacrifice of Government revenue and setting aside settlement rules.

IX. In para (*e*) Colonel Hill refers to matters mostly pertaining to the Public Works Department. Railway feeders are being constructed in all directions. Ditto roads and bridges. In fact there are probably but few places in India where better progress in the way of communications can be shown than in the Province of Mysore. There can be no harm in inducing raiyats to make short roads from main lines to their respective villages, but it should not be made compulsory upon them in the shape of Bitti or forced labor. It could not be termed customary labor, and would have eventually to be enforced by legal enactment, if to be enforced at all.

X. Concerning para (*f*) encouragement to garden cultivation. The matter is one which has been dealt with by the Survey and Settlement Department. I think that garden assessment, notably in the case of arecanut has been pitched at too high a figure. This matter I believe is engaging the attention of Government and need not be further treated of here.

XI. The prizes proposed by Colonel Hill to be awarded to the owners of best kept gardens would be a difficult task even should competent Judges be found for such purpose.

XII. As regards Colonel Hill's addendum in respect to cotton cultivation, I may state that I have long been in communication with merchants who deal largely in that commodity. They appear to be satisfied with the present quality of cotton grown. The extension of cotton cultivation, as of wheat, &c., is of course desirable, and it is sure to follow under the impetus of good prices a larger local demand from Cotton Mills and so on. One objection raised to exotic cotton is that the seed is not so nutritious, as food for cattle, as the indigenous variety. In this respect again the demand is certain to achieve the required end. If the Higgrunghaut or other varieties should be most in request by merchants and manufacturers, the raiyat will not be found slow to grow the same. If significant proofs be required of the altered conditions of cotton cultivation and trade, one has only to visit the town of Davangere in the Chitaldroog District recently connected with Bombay and Madras *viâ* Bangalore by rail and where are to be seen at work not only native gins for country cotton, but also saw gins for exotic varieties. Likewise the materials for a cotton press now under construction by a large European Firm of merchants. Surely it is a mere truism to say that such matters should be left to private enterprise. Colonel Hill, himself a judge, apparently ignores the existence of law when he suggests that if the experimental culture of Higgrunghaut cotton proves a success, Patels should be required to see that none other is sown for 3 years. The Patel would be a rash man who attempted to enforce such arbitrary restrictions in the face of the Civil and Criminal remedies of the raiyats who in many cases would not fail to enforce them.

Experiments in Higgrunghaut and exotic cotton seed are now being made by Mr. Cameron, but with a different object in view, namely to ascertain if it can be raised profitably under irrigation.

XIII. As regards the supply of improved varieties of potatoes and the like, it seems to me, that this is rather the work of a Society such as an Agri-Horticultural Society than that of Government. But new varieties of fruit trees, &c., are frequently imported into the Lal-Bagh for the benefit of the public. And large supplies of fresh potatoe stock are periodically procured from England in order to improve or replace the old stock of country grown potatoes.

XIV. Colonel Hill, in certain of his suggestions, especially as regards fruit trees would appear not to be aware of recent progress in this direction. In and around Bangalore there are numberless graft mangoe trees and the radius where such trees are to be found in numbers is yearly extending. In the Tumkur District there are numbers of such trees, some fine topes being owned by Patels. Even in remote Shimoga both at Head-quarters and in Taluk Municipalities numbers of graft mangoes have been planted out of late years. The same as regards Chitaldroog and where further the Deputy Commissioner has a man to graft the trees, and sell them to the public at a moderate price.

In fact I might go on multiplying instances in other Districts also. Distribution of fruit trees at a nominal price does not appear advisable. Even as it is, at the present rate of planting graft mangoes promise ere long to be most abundant.

XV. In the case of the cocoanut tree the yearly additional planting is very great.

Deputy Commissioners too as a rule have their Municipal flower gardens. The Bangalore District has a very fine one. What in years past was almost a swamp in the town of Shimoga is now in part a large ornamental flower garden, whilst at a short distance off a garden has been newly formed where new varieties of Plantains, cocoanuts and other fruit trees have been introduced. Other Districts have also such Municipal gardens tasteful or otherwise according to the floral tastes of the supervising officers.

XVI. I think that Colonel Hill's proposals especially as regards needless sacrifice of Government revenue would be certainly condemned in British India, and the circumstances of Mysore are in nowise such as to require different treatment.

FORESTS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Forests),—dated 19th February 1891.

READ—

Letter from the Inspector General of Forests and Plantations in Mysore, To the Chief Secretary to the Government of Mysore, No. 2952—275, dated Camp Hampapur, 9th February 1891.

I have the honor to state that in order to ascertain the amount of tannin contained in each of the species '*Cassia Auriculata*' (Tangadi) and '*Cassia Fistula*' (Kakke), I made a reference to Professor Hummell, Yorkshire College, Leeds, sending him a quantity of each kind for chemical analysis. He says as follows "I have carefully "tested the two barks received, for percentage of tannic acid, according to what is "known as Loventhal's method, the same method indeed which I employed when "testing the tannin matters reported upon by Dr. Watt in his 'Selections from the "records of the Government of India, 1888—89'. The result is as follows.— "*Cassia Fistula* 4·5 per cent of tannic acid, *Cassia Auriculata* 20·5 per cent of "tannic acid. You may rely upon these results being correct, since more than one "experiment was made, and the results did not differ from each other by more than "½ per cent." It will thus be seen that tannin in Tangadi bark is four times the amount contained in Kakke bark, and the duty on the latter will have to be proportionately fixed. But Kakke is a small tree growing in the drier parts of Mysore and the wood of which is occasionally used for building purposes and generally for fuel; whereas Tangadi is entirely a shrub. Kakke bark used to be included with other items of minor forest produce and sold in some Districts, for instance, Shimoga, which has been now stopped. Applications are coming in from Mysore and Bangalore Districts for wholesale contract for a limited period, but the amount offered in each case was so small that it hardly represented the value of its fuel. The Deputy Commissioner, Kolar, proposed to fix Rs. 6 per cart-load of bark only and this was tentatively approved of by me though now the demand is said to have risen. I am now ascertaining what number of trees has to be operated on to obtain a cart-load of chakke and this of course must depend upon the growth of trees in parts. There is a fear however of these trees as also Mukharti and Halle trees whose chips are being used for making combs, of being indiscriminately chopped for chakke so as to affect the heart wood and thus cause the death of the trees earlier. The above remarks refer only to the *modus operandi* which may be regulated as far as possible. The duty on Tangadi bark varies from Rs. 15 to 20 in some Districts and it may rise even further if the present demand continues. The duty, I would therefore propose to fix for a cart-load of Kakke bark, is Rs. 6 and this may be sanctioned as a tentative measure.

—

No. 13057-65—CIR. 281, DATED, BANGALORE, 19TH FEBRUARY 1891.

ORDER THEREON.—The proposed rate of Rs. 6 per cart-load of Kakke bark is sanctioned as a tentative measure, subject to a report at the end of a year's trial. The Inspector General will submit for approval of Government the draft of Notification for the purpose.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 4th February 1891.

READ THE FOLLOWING PAPER :—

Report on the operations of the Money Order Department for the year 1888—89.

No. 12172—798, DATED BANGALORE, 4TH FEBRUARY 1891.

ORDER THEREON.—The report for the year 1888—89 shows that there was an increase in the number and amount of Local Money Orders, both issued and paid. A similar result is observed in regard to Imperial Money Orders. The financial result of the year's transactions was a surplus of Rs. 1,050—11—0, an increase of Rs. 232—0—0 over the figure of the previous year.

2. The Department however, was abolished on the 1st July 1889, as after the extension of the Imperial Postal system to the Province, the issue and payment of Imperial Money Orders ceased, and the Local Money Order system was unnecessary.

A. SRINIVASACHARLU,
for *Chief Secretary.*

To—The Comptroller of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 5th February 1891.

READ:—

Docket from the Deputy Commissioner, Chitaldroog District, dated 14th November 1890, No. 368—324, submitting a copy of the proceedings of the Local Fund Committee held on the 6th October 1890, together with the Budget estimates of receipts and expenditure under District Funds for the year 1891—92.

No. 12700-10—CIR. 267—L. 296, DATED 5TH FEBRUARY 1891.

ORDER THEREON.—The receipts for the year 1891—92 are estimated at Rs. 39,243 against Rs. 37,036, the actuals of 1889—90 and Rs. 37,381, the sanctioned estimate for 1890—91.

Items of Receipt.	Actuals of 1889—90.	Estimate for—	
		1890—91	1891—92
(*a*) 76 per cent of Local Cess ...	29,295	28,728	29,488
(*b*) Sale of stray cattle ...	1,113	...	1,090
(*c*) Fines for cattle trespass ...	5,087	6,200	5,090
(*d*) Ferry collections	239	250	250
(*e*) Contributions	100	1,000	2,125
(*f*) Miscellaneous	1,202	1,203	1,200
Total.....	37,036	37,381	39,243

2. (*a*) *76 per cent of Local Cess.*—The small increase under this head compared with the actuals of 1889—90 is stated to be due chiefly to the increased revenue expected to be realized in the Chellakere Taluk, after the execution of the Rekalgere Irrigation project which is approaching completion. But the cause of the decrease in the estimate for 1890—91, compared with the actual income for 1889—90, has not been explained, nor have the details of the assets upon which 76 per cent of the one anna cess has been calculated, been furnished. The omission should be supplied. Meanwhile, the estimate will be allowed to stand.

3. (*e*) *Contributions.*—The increase under this head is due to the contributions amounting to Rs. 2,125 expected to be realized from the raiyats of the several taluks for whose benefit wells are proposed to be sunk or repaired during the year. The estimate is passed.

Number.	Taluks.	Estimated cost of works.	Cost to be met from—	
			District Funds.	Contribution from Raiyats.
1	Chitaldroog	800	600	200
2	Chellakere	1,500	800	700
3	Hiriyur	800	400	400
4	Holalkere	1,500	900	600
5	Davangere	650	650	* ...
6	Jagalur	775	550	225
	Total.....	6,025	3,900	2,125

* Owing to the poverty of raiyats, no contribution is expected.

4. (*f*) *Miscellaneous.*—The details under this head have not been given. The omission should be supplied.

5. The other items of receipts do not call for remark.

6. The estimated balance in favor of the District has not been stated, and it is remarked that this information should be furnished by the Comptroller. The Government observe that the balance at the end of the year should be calculated by the District authorities with reference to the probable receipts and expenditure of the

current year and not by the Comptroller who can only give figures under actuals. If the Comptroller has not yet intimated to the Deputy Commissioner the actual balance at the beginning of the current year, he is requested to do so at once. Meanwhile, the estimated *balance, *viz.*, Rs. 21,035 at the end of 1890—91, will be assumed as the opening balance for 1891—92, as per particulars noted in the margin.

		Rs.
*(1)	Balance at the beginning of the year 1890—91	19,726
(2)	Receipts of 1890—91	37,381
	Total ...	57,107
	Charges for 1890—91	36,072
	Balance ...	21,035

7. The estimated Civil charges for 1891—92 amount to Rs. 4,583 against Rs. 4,572, the estimate sanctioned for 1890—91.

Number.	Items of Expenditure.	Estimate for— 1890—91	1891—92
I	District Office Establishment ...	150	150
II	Medical Scholarships	660	679
III	Sweepers for 3rd Class Travellers' Bungalows and Musafarkhanas ...	900	921
IV	Peon to Deputy Inspector of Vaccination...	96	96
V	Local Fund Dispensaries—		
	(*a*) Establishments	960	960
	(*b*) Contingencies	610	610
	(*c*) House rent	94	74
	(*d*) Furniture	137	...
	(*e*) Charge allowance ...	640	610
	(*f*) Travelling allowance ...	120	120
	(*g*) Feeding in-patients ...	175	200
VI	Animal Vaccination	...	50
VII	Reserve for unforeseen expenditure ...	...	50
	Total Rs., ...	4,572	4,583

8. *II. Medical Scholarships.*—The increased provision under this head is in accordance with the Government Proceedings, dated 24th December 1887, No. 5832-43—149, and is sanctioned.

9. *III. Sweepeers for 3rd Class Travellers' Bungalows and Musafarkhanas.*—The increase provided is explained to be due to the sweeper proposed to be entertained for the Ramgiri chattram constructed by the Railway contractor Mr. Annasami Mudaliyar and made over to Government for the use of the public. This is in accordance with Resolution IV of the Local Fund Board's Proceedings received with the docket read above. The estimate is passed.

10. *V. Local Fund Dispensaries—(c) House rent.*—The decrease is due to the provision made during 1890—91 for the Harihar Dispensary having been omitted in the estimate for 1891—92 in consequence of the location of the dispensary in a Government building, *viz.*, Taluk Cutcherry. The estimate is approved.

11. *V. (f) Travelling allowance.*—With reference to the provision of Rs. 120 made under this head, the Deputy Commissioner is requested to state whether the amount represents the total cost of travelling charges or only $\frac{2}{3}$rds of it, which alone is debitable to District Funds, the remaining $\frac{1}{3}$ being chargeable to Municipal Funds. Pending the receipt of the information, the estimate will be retained.

12. *V. (g) Feeding in-patients*—The increase is due to the addition of Rs. 25 proposed for the Harihar Dispensary, for which no provision was made during 1890—91. The estimate is retained.

13. *VI. Animal Vaccination.*—The new provision made at the suggestion of the Assistant Surgeon with a view to provide good lymph to all the Taluk Vaccinators will be retained.

14. The other items of expenditure call for no remark.

15. Subject to the explanations called for, the estimated receipts and expenditure for the year 1891—92 are as follows:—

		Rs.
1.	Balance at the beginning of the year 1891—92 as entered in Proceedings, dated 5th November 1890, No 9116-9 132	21,035
2.	Estimated receipts for 1891—92	39,243
	Total.....	60,278
3.	Deduct Civil Charges now sanctioned	4,583
	Balance.....	55,695

16. Out of the above balance, the following works are proposed to be executed during the year:—

			Rs.	
I.	Original—			
	(*a*)	Communications including the conditional grant of Rs. 2,000 provided for bridging Holalkere Huliyar road ...	10,000	
	(*b*)	Reserve for minor works	1,000	
	(*c*)	Reserve for wells	3,500	
		Total I, Original.....		14,500
II.	Repairs—			
	(*a*)	Communications	13,240	
	(*b*)	Reserve	1,760	
	(*c*)	Miscellaneous public improvements for wells ...	2,500	
		Total II, Repairs.....		17,500
III.	Tolls and Plant			200
IV.	Establishments			6,800
		Grand Total.. ...		39,000

17. It is remarked that the District Board have sanctioned the provision of Rs. 2,000 for the bridge on the Holalkere-Huliyar road, on the condition of Government transferring the Chitaldroog-Benkipur road from "District Funds" to "Provincial." This question of transfer will be considered in the Public Works Department.

18. *I (c) Reserve for wells.*—The total estimated cost of wells proposed to be sunk amount to Rs. 3,525 as particularized in the appended list, while the amount provided therefor is Rs. 3,500. The former figure will be inserted in the Budget.

19. Including the sum of Rs. 2,500 entered under *II* (*c*) for repairs of wells, the total provision for wells amounts to Rs. 6,025. These works will, it is presumed, be executed by the Revenue Department, in which case the Deputy Commissioner is requested to submit to this office estimates for all works costing Rs. 200 and upwards, notifications of sanction being forwarded for others.

20. The estimated receipts under Local Funds General have not been furnished. The omission should be supplied with the details of the assets, upon which 76 per cent of the Local Cess is creditable to this Fund.

21. The Government observe that the Deputy Amildar of Hosdurga, who has no status on the Board, is shown in the proceedings referred to in the docket read above as a member of the Local Fund Committee. His name should be removed from the list of members.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 5th February 1891.

READ:—

Letter from the Deputy Commissioner, Mysore District, dated 31st October 1890, No. 972, submitting revised District Fund Budget Estimates for 1890 –91 together with the explanation called for in Government Proceedings, dated 12th February 1890, No. 9877-80—217, in regard to the original Budgets of the Mysore and French Rocks Circle.

No. 12853-63—Cir. 272 –L. 301, DATED 5TH FEBRUARY 1891.

ORDER THEREON.—The actual receipts under District Funds for 1888—89 are stated to be as shown in the margin for both Mysore and French Rocks Circles. But the details of the assets upon which 76 per cent of the Local Cess was calculated have not been furnished. The estimate for 1890 —91 amounting to Rs. * 84,863 will not however be disturbed. In future, the details of assets should be given.

2. *Local Funds General.*—It is true that the balance to the credit of the Fund cannot be given, as no separate account of balance for each District is kept, but the Government do not see why the Deputy Commissioner should not be able to give an estimate of the receipts and expenditure. As the year however is too far advanced, the Government do not insist upon the information being furnished for 1890 —91, but it should be furnished for 1891—92.

Para of Government Proceedings. 5. | Para of Deputy Commissioner's letter. 2 and 3.

3. Under the circumstances stated, the entertainment of a separate District Fund Clerk for the French Rocks Sub-Division on a salary of Rs. 20 per mensem is sanctioned with effect from 1st February 1891 and a provision of Rs. 40 made for the same for the current year.

Para of Government Proceedings. 7. | Para of Dy. Commissioner's letter. 4.

4. *Sweepers for 3rd Class Travellers' Bungalows and Musfarkhanas.*—The provision made in the original Budget for a watchman for the Jamabandi house at Seringapatam has been properly struck out in the revised Budget of the French Rocks Circle. As regards the watchman proposed for the old Taluk Cutcherry building at Maddur, it is explained that it is used as a Musfarkhana by high caste native travellers and officials though no formal sanction has been given for making over the building to the Local Fund Committee. The question, whether the old Taluk Cutcherry building can be made over to the Local Fund Committee, will be referred to the General Department for consideration and, until its transfer is formally sanctioned, no watchman should be entertained at the expense of the Local Funds. The provision in the revised Budget will however be retained.

(5) *VII Local Fund Dispensaries—(b) House rent.*—Under the circumstances stated, the reduced provision of Rs. 140 in the revised Budget for the house-rent on account of Dispensary buildings is sanctioned.

Para of Government Proceedings. 14. | Para of Deputy Commissioner's letter. 5.

6 *VIII Pay of Nurses.*—An increase of Rs. 90 is provided in the revised Budget of the Mysore Circle to meet moiety cost of the pay of nurse already sanctioned for Hunsur. The estimate is passed.

7. The estimated Civil charges as now sanctioned will stand as shown in the following statement:—

8. As the well in the Taluk Cutcherry at Hunsur is entirely for the use of the Government officials and coolies employed for Government purposes, it is not right that its cost should be met from District Funds. The provision of Rs. 500 made in the Budget of the Mysore Circle on account of the well will be struck out.

Considering the balance available, the Government are willing to sanction the former amount and the Chief Engineer will be requested to revise his Budget accordingly in communication with the Deputy Commissioner. The Budget should show the provision for each Circle separately.

10. The sums finally sanctioned are noted in the margin. The Deputy Commissioner proposes to expend from the balance available in the French Rocks Circle a sum of Rs. * 68,000 on roads and bridges in the next 5 years. The Government note that the balance that will remain in favor of the French Rocks Circle on 1st April 1891 is only Rs. 20,279 and it is not clear how such a large outlay in addition to usual expenditure could be incurred. The Deputy Commissioner will consider the point in submitting the Budget for 1891—92.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 11th February 1891.

READ :—

Letter No. 2173—302 of the 7th January 1891, from the Inspector General of Police, soliciting the issue of early orders to the Comptroller, to pass [illegible] rewards, (under the head "secret service,") sanctioned by the Inspector General of Police, to private persons for their services in saving the lives of men from drowning, &c.

No. 12620-1—1659, DATED BANGALORE, 11TH FEBRUARY 1891.

ORDER THEREON.—The Inspector General is right in his surmise that the full Budget head "Rewards for good services by Police Officers" was the one alluded to by the words "Rewards for good services" in para 2 of Proceedings No. 5039-48—Cir. 105, dated 11th August 1890. At the same time it is observed that there is no distinct provision in the Police Budget for reward to private persons for good service, and therefore every case of the kind requires the sanction of Government as well in the Police as in other Departments. When sanctioned in the Police Department, the head to which the charge may, in existing circumstances, be debited is either "General savings in the Police Budget" or "Rewards for good service by Police," more appropriately, than "secret service". There is no secrecy in saving a drowning person, and the reward in such a case is earned by service rendered to humanity in general such as Police Officers as well as private persons can render, rather than for the purpose of detecting or preventing crime.

Dockets Nos. 144 and 171 of the 1st November and 9th December 1890, from the Superintendent Government Botanical Gardens in Bangalore.

No. 12991-2—1699, DATED 18TH FEBRUARY 1891.

ORDER THEREON.—With the first of the letters above quoted, the Superintendent submits the Budget Estimates of the Government Botanical Gardens and Parks for the year 1891—92.

2. The total receipts of the year are estimated at Rs. 2,600 against Rs. 3,200 estimated for the current year. The cause for the decrease of Rs. 600 has not been explained, but the figures furnished by the Superintendent will be reckoned as the receipts of the year.

3. The expenditure side of the Budget has been divided into three parts, *viz*:—

I. Botanical Gardens.

II. Cubbon Park,

and

III. Grounds of the Dewan's Official Residence.

4. Under the head "Botanical Gardens," the expenditure during the year 1891—92 is estimated at Rs. 19,064 against Rs. 17,831—6—8 in the current year, the increase of Rs. 1,232—9—4 representing the net result of the variations noted under the following heads :—

5. The increase of Rs. 1,260 provided under (1) Servants, includes the higher rate of pay proposed for the Gardeners (at 1 Rupee to each male and 8 annas to each female servant) which, according to the proposition statement submitted by Mr. Cameron, amounts to Rs. 55 per mensem or Rs. 660 per annum, and also the cost of the temporary establishment *sanctioned in Proceedings Camp No. 746 of the 23rd September 1886 which is proposed to be amalgamated with the permanent establishment of the Gardens, and for which a provision of Rs. 400 had been made in the current year's Budget, the balance being debited to the head "Contingencies". This increase as well as the increase (Rs. 500) provided under the head Menagerie and Aviary, and also the provision of Rs. 500 made under the head "Temporary additional labor" will be allowed to stand.

6. The increased provision (Rs. 1,000) made under the head "Horticultural Shows" cannot be allowed to stand, in the absence of a full report with the opinion of the Judges, as to the necessity of increasing the value of prizes, for the encouragement of Horticulture. Pending submission of such a report and orders thereon, the usual provision, *viz.* Rs. 800 will be continued.

7. The subject of an increase to the present salary of the Superintendent will be separately considered.

8. The provision made under the heads II Cubbon Park and III Grounds of the Dewan's Official Residence, which also includes the increase of pay to the Gardeners, will be allowed to stand.

9. The Budget, as corrected to Rs. 21,090, will be forwarded to the Comptroller, the amount being distributed as shown below :—

I.	Botanical Gardens	18,864
II.	Cubbon Park	1,662
III.	Grounds of the Dewan's Official Residence	564

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 2nd February 1891.

READ THE FOLLOWING PAPER :—

The Annual Report of the Chemical Examiner to Government for the year 1889.

No. 12122—135, DATED 2ND FEBRUARY 1891.

REVIEW THEREON.—The total number of cases received for examination during 1889, excluding those from Coorg and the Civil and Military Station of Bangalore, was 62, the same as in 1888. The number of articles examined (182) however, was 42 more than in the year previous.

2. It is satisfactory to find that cases of suspected poisoning were fewer in the year under review than in any of the preceding six years, the figures being as given below :—

Year.	Number.
1883	65
1884	54
1885	65
1886	67
1887	42
1888	51
1889	35

In the year under review, poison was discovered in 23 as compared with 33 cases in the preceding year, arsenic being the poison in 12 cases against an average of 20 for the preceding years.

3. Cases of blood stains, which in 1888 had fallen to the low figure of 3, again rose to 10, about the average of the preceding five years.

4. Samples of potable water obtained from the three important sources of water-supply in the Town of Shimoga, *viz.*, the Park well, the Jail well and the River Tunga, were analysed during the year. The result is reported to have shown that the Jail well contained the purest water, while the water of the River Tunga above the town was by no means bad, though containing less of chlorine and more of organic matter than either of the other waters. Government desire that samples of water from wells and other sources of water-supply in other important towns should be similarly examined and the result reported and published for general information. As water is apt to be contaminated, a periodical examination would even seem necessary.

5. The cost of chemical examination, since 1st April 1889, has been Rs. 120 per mensem or Rs. 1,440 per annum, exclusive of the cost of chemicals which in the year under review amounted to Rs. 50.

6. The report again brings to notice the fact that arsenic is the most favorite poison used to cause death, and the Senior Surgeon recommends the enactment of some legislative measure with a view to check the free sale of this poison and to regulate it so as to facilitate the indentification of buyers and sellers. On this important subject, the Darbar will watch the action of Government in British India.

7. It is observed that the report for 1889 does not contain the details of the more important cases which formed an interesting feature of the reports for previous years.

A. SRINIVASACHARLU,
for Chief Secretary.

To—The Senior Surgeon to the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 2nd February 1891.

READ THE FOLLOWING PAPER:—

The Annual Report on the working of the Amrut Mahal Department for the year 1889—90.

No. 12123—1600, DATED BANGALORE, 2ND FEBRUARY 1891.

REVIEW THEREON.—The year under review was evidently a favorable one for the Amrut Mahal Department as compared with 1888—89. Pasturage was plentiful and the cattle enjoyed comparative immunity from disease, except during the first three months of the year when murrain prevailed. The number of deaths was 743 or 301 less than in the year previous.

Season.

2. On the last day of 1888—89 the stock on hand numbered 9,314 head of cattle, including 14 omitted in that year's account. The births during the year amounted to 1,670, giving a total of 10,984. Deducting the number sold (827) and the deaths of the year, there was left at the close of the year a balance on hand of 9,414.

Cattle on hand.

3. The sales of the year including the 175 steers supplied to the Madras Government realised Rs. 24,525, showing a decrease of over Rs. 5,000 as compared with the preceding year. The decrease is attributed to the smaller number of cattle sold to the public, a further reduction of the stock having been considered undesirable. The average price per head of cattle sold to the public was Rs. 24—3—1 against Rs. 22—4—6 in 1888—89, while the average upon the total number of cattle sold increased by Rs. 5—1—4 per head. These results are favorable.

Sales.

4. The total amount of the demand including the arrears of previous years was Rs. 47,528—8—0. The collections amounted to Rs. 39,143—10—3, and Rs. 30 were remitted. The outstanding balance at the end of the year was Rs. 8,354—13—9 against Rs. 11,010—15—2 in 1888—89. Government would be pleased to see a smaller balance outstanding.

Demand for the year.

5. The revenue for the year amounted to Rs. 36,517—8—0 and the charges incurred aggregated Rs. 27,567—7—1, leaving a surplus of Rs. 8,950—1—9 to the credit of Department.

Financial results.

6. A few silos were excavated and several old pits filled with grass. Some silos were opened and it is reported that the cattle ate the ensilage grass well, though for some days at the commencement they began to purge and lose condition.

Silos.

7. The chief event of the year was the starting of a Sheep Farm under charge of the Department. There are a certain number of Amrut Mahal Kavals in which the privilege of grazing sheep has been allowed to be exercised by villagers on condition of their delivering to Government a small percentage of the sheep let in to graze. The Officer in charge of the Department proposed that the sheep thus collected might be formed into flocks with a few well-bred rams obtained from elsewhere, so that a fair collection of stock of good breed might be made in the course of a few years and distributed over the Province. Sanction was accorded to the trial of the experiment and the Farm, at the close of the year, consisted of six rams of Australian cross-breed received from the Palace Farm at Bangalore and 56 ewes. The farm is in its infancy and the results will be watched with interest by Government.

Sheep Farm.

8. Major Macintire's proposals in regard to his Assistant and Darogas will form the subject of separate orders in due course.

A. SRINIVASACHARLU,
for *Chief Secretary.*

The Annual Report on the Kunigal Government Stud Farm Horse Breeding Operations for the year 1888—89.

No. 12096—146, DATED 3RD FEBRUARY 1891.

REVIEW THEREON.—No deaths occurred during the year amongst the Government stallions. The total number on the roll at the end of the year 1888—89 was 8, against 10 at its commencement. They were of the following breeds :—

Australian...	7
Arab	6
English	1

During the year, two Arab stallions were added to the stud; and one of the stallions was stationed at Shimoga, where efforts were made to improve the quality of country-bred horses and ponies.

2. The results of the horse breeding operations of the year were more favorable than in the previous year. 124 mares were covered against 115 in 1887—88. The average per stallion was 18 against 12 in the year preceding. The greatest number of mares covered by one stallion was 56. The percentage of produce foaled to mares covered was 36·29 against 34·74 in 1887—88.

3. Fifty-one foals were born on the farm during the year under notice, and one Australian filly was presented to Government by Mr. Campbell. Ten mares slipped their foals.

4. There were 61 horses passed into the service, two were destroyed, thirteen sold, nine died and one was given away.

The number of colts and fillies remaining on the farm on the 1st April 1889 was 163.

5. The total expenditure aggregated Rs. 20,138—15—6 divided as follows :—

	Rs.
(*a*) Cost of Establishment	1,389—4—8
(*b*) Cost of feeding and attendants	13,245—1—9
(*c*) Farm expenses	5,504—9—1

The receipts amounted to Rs. 25,241—11—3. The balance to the credit of the Chanda Fund at the end of the year was Rs. 5,102—11—9.

6. Major Macintire proposes to import a stallion from England. He has expressed no opinion as to the produce of the cross with the thorough bred English sire. The English stallion now on the farm was purchased in 1886. It will be interesting to watch the result of using this class of horse, but a definite judgment cannot be formed until some of the produce has reached maturity and has been brought into work.

7. The selection of stallions is a matter of the utmost importance. The Dowan inclines to the belief that in the Arab, if carefully selected, we have all that is required, and that we can obtain animals of this class at prices not exceeding the cost of a thorough bred English stallion.

8. The report on the working of the farm will be reviewed separately.

Letter No. 729—89, dated 3rd July 1889, from Mr. L. Ricketts, President of the Mysore Agricultural and Industrial Exhibition, submitting copy of the Committee's Report on the Exhibition.

No. 12587—1658, DATED 12TH FEBRUARY 1891.

ORDER.—The report which has been before Government for sometime on the Agricultural and Industrial Exhibition held at Mysore in October 1888, prepared by the Joint Secretaries to the Committee of Management is alike full, lucid and interesting. It is but a record of what His Highness the Maharaja and the Members of His Highness' Government were able throughout personally to observe, and as such only requires to be formally recorded. The Exhibition though the first of its kind in Mysore proved a conspicuous success and of high educational value. This result was not achieved without great exertions on the part of the President Mr. Ricketts and the Joint Secretaries Messrs. Cameron and Bapu Rao and the earnest co-operation of the Deputy Commissioners of Districts and other Members of the Committee of Management formed for the purpose and whose names are given in para 6 of the report. Government have great pleasure in recording their cordial acknowledgments to them all and particularly to Messrs. Ricketts, Cameron and Bapu Rao for their indefatigable labors.

READ THE FOLLOWING PAPER :—

Report on the operations of the Registration Department in Mysore for the year 1889—90.

No. 12846—1684, DATED 16TH FEBRUARY 1891.

REVIEW THEREON.—There has been a steady increase of registration business in Mysore during the last four years, the figures attained in 1889—90 being the highest on record As compared with 1888—89, an increase is observed in the year under review under every head except in optional registration of immovable property. But the decrease in this respect is slight and does not seem ascribable to any special cause. On the other hand, the fact that the proportion of documents of this class of value not exceeding Rs. 50 has increased from 69 to 71 per cent in the year under report, would seem to indicate that people are appreciating the value of registration even where the law does not render it compulsory.

Year.	No. of Documents registered.
1886—87	20,717
1887—88	22,318
1888—89	25,015
1889—90	25,637

2. The Districts of Mysore and Bangalore show as usual the largest number of transactions, each contributing about 25 per cent of the total number, while sales and mortgages represent between 88 and 89 per cent.

3. Wills and authorities to adopt still show very low figures. The provisions of Part IX of the Registration Act regarding the deposit of wills, seem to be but rarely used, only 2 wills having been deposited during the year and none in the preceding 3 years.

4. Government desire that comparative statements like those in paragraphs 3, 5, 7, 8, 14, 17, 18, 20 and 27 of the report, should in future have an additional column to show the difference between the figures compared.

5. The aggregate value of property transferred by registered documents during the year was Rs. 87,08,590 against Rs. 64,41,367 in the previous year. The increase is said to be due to the receipt of some documents of large value relating to coffee lands in Kadur and to certain Gold Mining leases in the Kolar District.

6. The number of refusals to register was 217 against 202 in 1888—89. The chief causes of refusal were as usual the minority of executants and denial of execution, the former affording ground for more than half the refusals. In 11 cases, however, the orders of refusal were reversed on appeal, while in another case the decree of a civil court was obtained under Section 76 of the Registration Act compelling registration.

7. The Government observes that Registering Officers declined to register 8 documents as relating to service or unenfranchised inams. The refusal was presumably based on certain orders of the Inspector General of 1866 and 1870, whereby registration is prohibited of documents evidencing alienation of such lands. The expediency of repealing the circulars on which this procedure is based is under the consideration of Government.

8. From paragraph 25 of the report it would appear that the stamp duty and penalty leviable on unstamped or insufficiently stamped documents presented for registration, are usually recovered by the Registering Officers themselves, instead of by the Deputy Commissioner of the District as required by the Act. The attention of Deputy Commissioners is drawn to this irregularity. The amounts even though they may be collected by Amildars in their Revenue capacity should not pass through the Registration Department of the Amildars' office simply because the Amildar is a Registering Officer as well as a Revenue Officer.

9. Out of 25,837 documents presented for registration. 23,637 were registered within two days; with respect to the remaining documents, the report gives no information as to the time taken up for registration. The Inspector General will be requested to consider whether it will not be possible to enlarge the scope of the table at para 29 of the report by adding to it columns showing the number of documents registered on the day of presentation, the number registered within 3 days' time, within 4 days' time, within a week and after a week. Such an addition would form an interesting and useful feature of the report.

10. The figures in columns 7, 8, 10 and 11 of the table above referred to, which explain for what reasons the registration of certain documents was delayed for upwards of 2 days, are large and should diminish in proportion as the Registering Officers understand that they should use to the occasion and overtake the work submitted to them.

11. There were as many as 59 documents whose registration had been refused and which were pending delivery at the close of the year. It is not clear why documents should be refused registration and yet retained. The Inspector General should deprecate delay in action in these cases.

12. The number of registered documents which were pending delivery was also large, being 1,216 against 1,073 in the preceding year. The matter requires investigation by the Inspector General and the Registrars in the course of their tours.

13. Applications received by the Registering Officers for mutation of names in revenue registers are on the increase year by year, and they will increase still further under the facilities afforded by the Rules under the Land Revenue Code for the sub division of Survey fields in accordance with the desire of parties.

14. With the exception of the Bangalore Sub-Registrar's Office, all the Sub-Registrar's Offices were inspected during the year by District Registrars and by Assistant Commissioners. The inspections by District Registrars compare favorably with those of the previous year, so far as the number of inspection is concerned. As regards the quality of the work done by them, it rests with the Inspector General to point out any shortcomings and to insist upon efficient examination. It is to be regretted that no inspection was made by the Inspector General of any of the offices subordinate to him. The inspection of some of the Sub-Registrars' Offices by the Manager of the Inspector General's office appears alike unauthorized and inexpedient. The proposal to appoint a special officer to conduct the inspection work will be separately disposed of.

15. The financial results of the year are satisfactory. The total receipts amounted to Rs. 61,961—8—2 and expenditure to Rs. 30,164—7—10, leaving a surplus in favor of Government of Rs. 31,797—0—4.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 16th February 1891.

No. 12974-82—Cir. 276. OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 16th February 1891.

OFFICIAL MEMO.

Deputy Commissioners of the several Districts are requested to report as soon as possible on the existing arrangements for the distribution of Government bulls for improvement in the breed of cattle. It should be reported how many Government bulls there are in each District set apart for the purpose of breeding, on what conditions the raiyats are allowed to avail themselves of their services, whether the raiyats freely utilize them, and whether there is any chance of effecting a marked improvement on the breed of cattle in the event of Government supplying a larger number of bulls for stud purposes. The Government are aware that a mere distribution of bulls cannot effect much good unless the raiyats themselves take interest in improving the breed of their cattle, by proper feeding, by proper treatment, and by the early castration of their useless bulls, but where the necessary conditions exist, or are likely to come into existence under proper precautions and advice, they are anxious to do all in their power to aid the raiyats in their endeavours to improve their cattle. If the Deputy Commissioners consider that a free distribution of good Amrut Mahal or other bulls will be conducive to the improvement of the breed, they are requested to report the number they require, the places where they wish to locate them, the funds from which they propose to maintain them, and the terms on which they would allow their raiyats to use them for breeding purposes.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd February 1891.

READ THE FOLLOWING PAPERS:—

Reports on the working of the Mysore Government Museum for the years 1888—89 and 1889—90.

No. 13485—1772, DATED BANGALORE, 23RD FEBRUARY 1891.

REVIEW THEREON.—The total number of visitors to the Museum during 1889—90 was 204,295 as compared with 194,664 in 1888—89. The average attendance of these two years was better than that of 1887—88, but it fell considerably short of the average of the preceding three years. The reason for this diminution is not apparent. The figures are compared in the margin.

Year.	No. of Visitors.
1884—85	304,735
1885—86	246,291
1886—87	206,607
1887—88	195,118
1888—89	194,664
1889—90	204,295

The percentage of female visitors in 1889—90 was 37·56 as against 36·84 in 1888—89.

2. Mr. Cameron proposes that the words "Mysore Government Museum" should be placed over the chief entrance or in some other prominent position to indicate the use of the building. The Government sees no objection to this being done. But his other proposal that Government should purchase the property called "Prospect House" in view to enlarge the Museum premises and provide for a work-room, should form the subject of a separate communication.

3. It is gratifying to note that about 230 fresh specimens were added to the collection of mammals and birds, the greater part being indigenous birds presented by Colonel Sir Oliver St. John, K. C. S. I. and by the Trustees of the Indian Museum at Calcutta. The large number of specimens of grains and timber contributed by the Mysore Agricultural and Industrial Exhibition of 1888 is also a valuable addition.

4. The Museum was profited during the years under review by the services of a trained Taxidermist from Calcutta, whose lessons in taxidermy are said to have been of much value to the Museum staff.

5. Nearly 400 coins, mostly Indian, were added to the collection under this head. Exclusive of the coinage of Mysore which is fully represented, the collection contains many rare specimens from other parts of India, and also from Burmah, Persia, Greece, Italy, France and England. The existence of Budhist coins at Chandravali near Chitaldroog, some of which have been presented to the Museum during the last two years, is noteworthy.

6. The catalogue of Mysore coins completed by Captain R. H. Campbell Tufnell, M. S. C., F. L. S, is a useful and instructive work.

7. The Library was enriched by an addition of 38 volumes, which brings the total number of books to 732. The most important acquisition was "Wight's Icones Plantarum "Indiæ Orientalis" in six volumes, purchased for Rs. 200.

8. The Superintendent will communicate the thanks of Government to the Gentlemen whose names are given under the head of "List of Donations" in the reports, for the articles of various kinds which they were good enough respectively to present to the Museum during the years under review.

9 The cost of the Museum during 1889—90 was Rs. 3,077—8—1 as compared with Rs 3,206—9—1 in 1888—89.

Chief Secretary.

EDUCATIONAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Educational),—dated 3rd February 1891.

READ THE FOLLOWING PAPER :—

Report, dated the 21st November 1890, on the Mysore Local Examination for the year 1889—90.

No. 12124-61—CIR. 251, DATED BANGALORE, 3RD FEBRUARY 1891.

ORDER THEREON.—The number of candidates registered for the Pupils' Examinations held in February 1890, was 629. Of these, 560 presented themselves, and 85 or 15·2 per cent passed, 5 in the first class and 80 in the second class. This result is not so good as that of either 1888—89 or 1887—88, in which the percentage of passes was 27·5 and 20·1 respectively. It is to be regretted that not one female candidate passed during the year although fifteen appeared. The Committee's Report does not furnish the means of accounting for this. The Staff of Examiners probably have useful remarks and suggestions to make on Education generally and on female education in particular based on the answer papers examined by them, and a record of these should have proved an interesting feature of the Committee's Report.

2. For the Teachers' Examination 88 candidates were registered and 79 were examined, of whom 14 passed. These results compare favorably with those of any of the previous years, the percentage of success being 17·7 as compared with 6·5 in 1889, 5·6 in 1888 and nil in 1887.

3. The fact that 72 per cent of the pupil candidates failed in Arithmetic is remarkable. On the other hand the improvement in Mathematics noticed in candidates for the Teachers' Examination is satisfactory. Language was the subject in which the largest number of failures in the Teachers' Test occurred.

4. The Government notices with pleasure the interest which the public continue to take in the Vernacular Education of the Country, and its thanks are due to the Gentlemen who have offered prizes to the successful candidates, the number of such prizes being as many as 115 in the year under review against 24 in the previous year.

5. The cost of holding these Examinations during 1890 was Rs. 4,613—7—1. Receipts from fees amounted to Rs. 762. The net cost to Government was thus Rs. 3,851—7—1 as compared with Rs. 3,870—14—3 in 1888—89.

6. Government consider that the Committee's Report need not be encumbered with detailed lists of failures. An abstract of them would suffice for each Test. On the other hand particulars of appearances, passes and failures with reference to the different branches of Optional Subjects would be useful and interesting.

7. The orders contained in Notification No. 3, dated 12th April 1888, regarding the preference to be given to passed and qualified candidates are in force and individual cases in which they may not have been followed by Local Officers will receive attention and orders of Government if separately brought to notice.

A. SRINIVASACHARLU,
for Chief Secretary.

To—The Committee for the Mysore Local Examination.
The Heads of Departments for information.

17	12430—486.	Do	The Deputy Commissioner of the Kolar District	Forwarding a copy of the above.
18	12454 6—720.	10th	The Deputy Commissioner of the Mysore District, the Palace Controller and the Superintendent, Revenue Survey.	Sanctioning the writing off of the assessment on certain lands and gardens belonging to Nanjaraj Bahadur and situated in the villages of Basavanlalli and Hinkal in the Lingambudhi Hobli of the Mysore Taluk and absolutely made over by him to the Palace.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
19	12464—723	10th	The Deputy Commissioner of the Mysore District.	Observing that Mr. Sandersons' action on the so called verbal permission granted by the Dewan to acquire land in the Chamrajnagar Taluk for coffee cultivation, is inconvenient and embarrassing, and stating that the Dewan would only have stated inofficially, that he would not object to his coffee cultivation; that this was hardly sufficient for Mr. Sanderson taking up the land, except in the usual course of prescribed procedure; that, to enable British Officers to hold land in Mysore, the sanction of the Government of India is necessary; and that therefore the Resident has been requested to enquire whether the Government of India will have any objection to Mr. Sanderson acquiring the land in question; and requesting the Deputy Commissioner to submit full particulars of the land sought to be acquired by Mr. Sanderson, such as its situation, area, value from a Forest Department point of view, whether within or outside the Reserved Forest tract, &c.
20	12465—215.	Do	The Inspector General of Forests.	Forwarding a copy of the above.
21	12450—1647.	11th	The Excise Commissioner in Mysore.	Sanctioning certain additions to Conditions IV(1) and IX respectively in the Form of License for the sale of Foreign Spirits and Foreign Fermented liquors in Refreshment Rooms, published in Government Notification No. 31, dated the 9th May 1889.
22	400.	Do	The Compiler, Mysore Gazette.	Notifying the additions referred to above.
23	12451—595.	Do	The Assistant to the Resident in Mysore.	Forwarding a statement of cases of opium smuggling for the quarter ended 31st December 1890 and stating that future returns will be made up for the half years ending 30th June and 31st December except in important cases in accordance with his letter No. 177-375—7 of the 17th ultimo.
24	12452—1648.	Do	The Excise Commissioner in Mysore.	Forwarding a copy of the above.
25	12484-5—339.	Do	The Deputy Commissioner of the Kadur District and the Deputy Commissioner of the Shimoga District.	According sanction to Assistant Commissioner Mr. T. Raghavendra Rao acquiring by purchase certain lands in the Lingapur Village of the Tirthahalli Taluk of the Shimoga District.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
26	12516-7—488.	11th	The Deputy Commissioner of the Kolar District and the Survey Superintendent.	Sanctioning the alienation of a portion of land bearing Survey No. 82 in favor of Nanjundappa and 11 other raiyats in Machanahalli, a Muzara of Yelagalhalli Village, Peresandra Maggani, Chikballapur Taluk, for a new village site and the remission of the proportionate assessment thereon.
27	12601—3730.	Do	The Deputy Commissioner of the Mysore District, the Superintendent, Revenue Survey, and the Superintendent, Inam Settlements.	Sanctioning the proposal made by the Deputy Commissioner for the allotment of a portion of the land bearing Survey No. 146, and measuring 15 acres 18 guntas, in Pavanahalli Village, Attikuppa Taluk, as inam, in favor of the Parakalaswami Matt in lieu of an equal extent of inam land taken up for the widening of the Kalahalli Channel.
28	12887—320 L. 311.	Do	The Deputy Commissioner of the Shimoga District.	Requesting him to explain the cause of the large arrears, *viz.*, Rs. 1,453—1—11 outstanding at the end of December 1890 in the Municipalities of Shimoga District and to see that they are collected at an early date.
29	12598—492.	12th	The Deputy Commissioner of the Kolar District.	Calling for a statement for each taluk of his District, showing the number of carts or jatkas taxed at Rs. 2, the number at Rs. 3 and so forth for the entire schedule of rates which may have been adopted, the collections during the past 3 years under each class, and the authority on which the rates in excess of Rs. 2 has been adopted.
30	12599—493.	Do	Do	Informing him with reference to the recovery from the occupants of certain lands in the Mulbagal Taluk of the value of all Maddi trees, with the exception of young plants priced at 1 Re. and upwards, that it is inexpedient to go behind the Survey Settlement, the terms of which therefore had better be adhered to, and that, even as reported, the value of the trees in question is very small and out of proportion to the hardship involved in its recovery.
31	12604—5731.	Do	The Deputy Commissioner of the Mysore District.	Sanctioning as a special and exceptional case, the remission of half assessment, *viz.*, Rs. 257—14—9 in favor of the raiyats of certain villages in the Enthahalli Hobli, Heggaddevankote Taluk, and the postponement of the collection of the other half till next year.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
32	12608—313.	12th	The Deputy Commissioner of the Shimoga District.	Stating that his letter, submitting for sanction under Section 118 of the Land Revenue Code, a case requiring correction of an error which appeared to have been made in the subdivision of Survey No. 178 in the village of Adaganti, Shikarpur Taluk, does not show good cause for the delay of 11 years in making this application which alone under Section 118 of the Land Revenue Code would have justified the Deputy Commissioner in entertaining it, and that the applicant has not also obtained a locus standi by getting his name registered in the accounts for the lands in respect of which he claims a change in the demand.
33	12687-9—1672.	Do	The Excise Commissioner in Mysore, the Deputy Commissioner of the Kadur District and the Comptroller.	Sanctioning the transfer of the present Toddy Contract of the Mudgere and Koppa Taluks in the Kadur District from the name of Nanjundaiya to that of Doddamallanna and requesting the Excise Commissioner to take the necessary bonds in due and sufficient form.
34	12761-3—736.	13th	The Deputy Commissioner of the Mysore District, the Comptroller and the Deputy Commissioner of the Tumkur District.	Sanctioning the remission of Rs. 127 being the amarayi contract amount of the Nanjangud Residency Bangalow for 1884—85, with the remark that the loss to Government has arisen by the failure of the then Amildar Lakshman Rao to take the prescribed and necessary steps for the security of the Government revenue; and stating that this failure on his part is very much regretted by Government.
35	12663—496.	Do	The Deputy Commissioner of the Kolar District.	Requesting him to report how the Survey Department has dealt with the deficiency in existing emoluments of the Patels of the Sidlaghatta Tauk while fining the Potge.
36	12922-3—354.	Do	The Deputy Commissioner, Hassan District, and the Deputy Commissioner of the Mysore District.	Sanctioning an application from Ahmad Ali, Amildar of the Mysore Taluk, to purchase certain lands in the Arsikere Village of the Arsikere Taluk.
37	12910-1—506.	14th	The Deputy Commissioner of the Kolar District and the Comptroller.	Sanctioning the remission of irrecoverable balances in the Gudibanda Sub-Taluk amounting to Rs. 14—3—10 and relating to the years 1881—82, 1888—89 and 1889—90; and stating that it is presumed that the portions of inam lands resigned by Ramachandrappa in cases Nos. 3 and 4 of the remission statement represent recognized shares within the meaning of Section 71 of the Land Revenue Code.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
38	12746—7 153.	14th	The Superintendent, Revenue Survey, and the Deputy Commissioner of the Bangalore District.	Sanctioning the grant at half assessment, for 9 years, of Survey No. 185 (measuring 27 guntas and assessed at Rs. 5—8—0) of the Aralamallige Village in the Dodballapur Taluk in favor of Timmaiya, under Rules 7 and 8 of Notification No. 121, dated 17th September 1887.
39	12749-50— 511.	Do	The Deputy Commissioner of the Bangalore District and the Inspector General of Forests.	Recording the Deputy Commissioner's letter submitting for the information of Government a copy of his letter No. 271. dated 15th idem, to the Inspector General of Forests, stating how the claim of the Southern Mahratta Railway for the Sandal Koti at Bangalore and its grounds, has been disposed of.
40	12571— 256.	Do	The Secretary in the Public Works Department.	Forwarding copy of the above with copy of letter above referred to.
41	12758-9— 500.	Do	The Deputy Commissioner of the Kolar District and the Comptroller.	Sanctioning with remarks the remission of irrecoverable balances in the Chikballapur Taluk amounting to Rs. 3,146—3—5 for the year 1887—88.
42	12769— 218.	Do	The Inspector General of Forests and Plantations.	Stating with reference to his revised draft of Notification prescribing the size of the lateral branches of reserved trees which may be cut for "Soppu," that, considering the very heavy assessment on garden lands and the time-honored custom of free use of "Soppu" for garden cultivation, the best means of reconciling the conflicting interests of raiyats and Government would be to revise the limits of the existing soppinbettas, allot defined areas for the purpose and to allow the raiyats to use the soppu without any restriction or interference from Forest Department officials; that soppinbettas are so indispensable for garden cultivation that they have practically been considered as part and parcel of the raiyats' holding that, when once defined and allotted, the raiyats may be relied upon to carefully conserve the tracts; that measures are on foot for such allotment of areas; and that Government would prefer leaving matters as they are for some time, especially in view of the very wide difference of opinion which seems to exist on the part of local officers on the expediency of the proposed restrictions.
43	12770— 1674.	Do	Mr. V. P. Madhava Rao, Deputy Commissioner on Special Duty.	Forwarding a copy of the above and also a copy of the letter, dated the 24th December 1890, from the Inspector General of Forests and Plantations.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
44	12814—516.	14th	The Deputy Commissioner of the Bangalore District.	Stating that Vasantappa, Shanbhog of Doddakallasandra and Konankunte Villages in the Bangalore Taluk, has lost no service emolument by his resignation of certain Shanbhog inam lands in the year 1878—79; and requesting the Deputy Commissioner to issue an endorsement accordingly.
45	12822—744.	Do	The Deputy Commissioner of the Mysore District.	Stating that the construction of an *Udde* to carry water to the lands possessed by Sitaramaiya of Nanjangud under the Rampûr Channel in the village Tandya in the Nanjangud Taluk, is not so unusual that a special concession should be granted on that account; and that, if it is of a magnitude deserving of consideration, it is preferable to take it into consideration in fixing the water rate or the wet assessment of the lands dependent on this Udde.
46	12827-8—318.	Do	The Deputy Commissioner of the Shimoga District and the Comptroller.	Sanctioning the remission of irrecoverable balances of the Shimoga District amounting to Rs. 1,096—12—2 for the year 1889—90.
47	12745—605.	16th	The Assistant to the Resident in Mysore.	Forwarding 5 printed copies of the return of prices current of food grains and salt in the State for the fortnight ended 31st January 1891.
48	12815—517.	Do	The Deputy Commissioner of the Bangalore District.	Forwarding a copy of Major Macintire's demi-official of the 28th February, with reference to docket No. 871 of the 14th February 1888, from the then Officiating Deputy Commissioner of the Bangalore District, regarding the levy of Mohatarfa tax on houses owned by certain Muhammadans at Channapatna; and calling for a further report on the subject.
49	12816—502.	Do	The Deputy Commissioner of the Kolar District.	Authorizing the Deputy Commissioner to excuse the unauthorized cultivation of certain lands in the Kurugallu Village of the Kolar Taluk by Channegauda, Patel Gumasta of the said village, and to remit the fine imposed on him; and calling for further information regarding the lands.
50	12817—405.	Do	The Deputy Commissioner of the Tumkur District.	Stating that Government are not prepared to give out on shraya tenure the kharab lands of the depopulated village of Karadikallu in the Gubbi Taluk as applied for by Siddegauda, Patel of Dandenasvara Village of the Gubbi Taluk, or Boregauda; that the lands should continue to be sold for hulbanni annually; and that the assessed lands may be given out on 4 or 3 years' shraya,

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Siddegauda having the preference over Boregauda, a stranger, because the former already owns lands in this depopulated village.
1	12826—349.	16th	The Deputy Commissioner of the Hassan District.	Stating that Muhammad Mohadin Jusha of Hassan may be allowed to resign the land actually submerged by raising the waste weir of the Bittagondanhalli Tank in the Hassan Taluk; and that then the arrears of revenue due thereon since 1882 may be recommended for being written off the accounts.
2	12845—1683.	Do	The Excise Commissioner.	Requesting him hereafter to cause an additional column to be inserted in the fortnightly report of stock of liquor in the Government Central Distillery, to show by how much the stock is more or less than the prescribed quantity.
53	13043-5—762.	17th	The Deputy Commissioner of the Mysore District, the Survey Superintendent and the Inam Superintendent.	Sanctioning the restoration of lands, Survey Nos. 43 and 133 respectively, measuring 3 acres and 24 guntas and 5 acres and 8 guntas and assessed at Rs. 3—12—0 and Rs. 4—8—0, respectively in the village of Dodda Jataka in the Nagamangala Taluk, as Talvar service inam, subject to payment of such jodi and quit-rent as may be fixed by the Survey Department.
54	13046-7—324.	Do	The Deputy Commissioner of the Shimoga District and the Survey Superintendent.	Sanctioning the alienation of certain land in favor of the raiyats of Ramenahalli in the Channagiri Taluk for extending the village site and the remission of the assessment thereon.
55	13140-1—263.	Do	The Secretary in the Public Works Department and the Deputy Commissioner of the Shimoga District.	Stating, with reference to the question of contribution from landholders below the Rubligere Tank in the Sorab Taluk, that the Government are of opinion the raiyats can be called up to contribute only ¼ of Rs. 7,714 the cost of restoring the tank and not ¼ of Rs. 12,160 the cost of restoring and improving it; that, in consideration of the fact that the amount of contribution was not mentioned in the mutchalika executed by them and as ¼ of Rs. 7,714 would press with some hardship upon some, the amount to be recovered is reduced to Rs. 1,600, the balance being written off the accounts as remitted; and that the Government remark that the arrangements for contributions in this case were not carried out in strict and necessary conformity with the standing orders on the subject.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
56	12904—154.	18th	The Survey Superintendent.	Requesting him to state whether in view of the fact that the Inamdars themselves of Binmangal and Dodkunte have asked for the detailed survey and paid for it, any payment will be due from the revenues of the Civil and Military Station for the valuation survey desired.
57	12952-4—755.	Do	The Deputy Commissioner of the Mysore District, the Survey Superintendent and the Superintendent, Inam Settlements.	Sanctioning the restoration of Kulvadi inam measuring 6 acres and 31 guntas and assessed at Rs. 6 in the Kayamgutta village of Virasandra in the Nagamangala Taluk, now under Government management, subject to the payment of the old Jodi, *viz.*, one Rupee.
58	12955-6—508.	Do	The Deputy Commissioner of the Kolar District and the Comptroller.	Sanctioning the writing off of irrecoverable balances in the Chintamani Taluk amounting to Rs. 4,517—7—3 for the years 1876—77 to 1889—90.
59	12966-7—322.	Do	The Deputy Commissioner of the Shimoga District and Mr. V. P. Madhava Rao, Deputy Commissioner on Special Duty.	Stating that the result of the inquiries connected with his Special Duties in which Mr. Madhava Rao is engaged will be awaited and forwarding to Mr. Madhava Rao a copy of the Shimoga Deputy Commissioner's letter, dated the 8th instant, about the giving out of unoccupied kans in the Sorab Taluk.
60	13125-6—773.	Do	The Deputy Commissioner of the Mysore District and the Comptroller.	Sanctioning with remarks the writing off of irrecoverable balances in the Nanjangud Taluk amounting to Rs. 1,052—13—2 for the years 1877—78 to 1889—90.
61	13127-8—774.	19th	The Deputy Commissioner of the Mysore District and the Survey Superintendent.	Sanctioning the writing off of the assessment on land, Survey No. 17, measuring 3 acres and 16 guntas and assessed at Rs. 4 in the village of Bolenahalli in the Nagamangala Taluk which is proposed to be utilized by the villagers for their cattle, &c.
62	13091—261.	Do	The Chief Engineer and Secretary in the Public Works Department.	Forwarding a statement of remissions proposed by the Deputy Commissioner of the Bangalore District on certain lands under the Amani Dodkere Tank in the Hoskote Taluk and enquiring, with reference to the general remarks made at the foot of the statement, whether the claim for remission may be accepted as due to the exigencies of work in the Public Works Department.

63	416 —L. 332.	19th	The Compiler of the Mysore Gazette.	Notifying that, under Section 6 of the Land Acquisition Act X of 1871, certain houses and lands are required for a public purpose, that is, for opening a road in the Municipality of Mysore.
64	417— L. 333.	Do	Do	Notifying that, under Section 6 of the Land Acquisition Act X of 1871, certain lands are required for a public purpose, that is, for improving the Nazarbad main road in the Municipality of Mysore.
65	13123-4— 772.	Do	The Deputy Commissioner of the Mysore District and the Comptroller.	Sanctioning the remission of Rs. 443—11—2, being the amount of boundary mark charges due upon the inam lands belonging to certain Chakras and Kulvadis in the Mysore Taluk.
66	13155— 529. L. 322.	Do	The Deputy Commissioner of the Bangalore District.	Requesting him to explain the cause of the large arrears outstanding in the Municipalities of Closepet, Dodballapur, Anekal and Kankanhalli and to see that they are collected at an early date.
67	13134-5— 779.	Do	The Deputy Commissioner of the Mysore District and the Superintendent, Inam Settlements.	Stating that the Government are of opinion that the allowance of Manikarnike Aiyannaiengar should be recognized as a hereditary grant under the provisions of Clause (2) of Ready Money Inam Rule VII and continued to his heirs hereditarily.
68	13156— 415. L. 323.	Do	The Deputy Commissioner of the Tumkur District.	Requesting him to explain the cause of the large balances under the head Municipal outstanding against the taluks of Kunigal and Maddagiri and to see that they are collected at an early date; and stating that the large balance shown against the District Treasury probably relates to the Head-quarter Municipality; and that in future the returns must be made to show balances against the Municipalities to which they belong and not against the Treasuries into which payments are made.
69	13074-5— 765.	Do	The Deputy Commissioner of the Mysore District and the Comptroller.	Sanctioning the remission of irrecoverable balances of the Heggaddevankote Taluk amounting to Rs. 575—3—1 for the years 1881—82 to 1889—90.
70	13083— 770.	Do	The Deputy Commissioner of the Mysore District.	Approving of the Deputy Commissioner's action in approving of the French Rocks Sub-Division Officer's settlement in the case of the grant of lands, Survey Nos. 34 and 39 in the Sanaba Village of the Nagamangala Taluk, to one Hanuma Setti, by Sayad Hamid, Amildar of the said Taluk, in contravention of the orders of the Sub-Division

				Officer ; and requesting the Deputy Commissioner to communicate to the Amildar Sayad Hamid the dissatisfaction of Government at the manner in which in the case above alluded to he culpably failed to pay attention to the orders of the Jamabandi and Sub-Division Officers.
71	13066—524.	19th	The Deputy Commissioner of the Bangalore District.	Stating, with reference to the unauthorized alienation of Kayamgutta Naganathpur Village in the Bangalore Taluk which was granted for services in the Nagesvaraswami Temple at Begur, that a permanent lease on favorable terms may be regarded as an alienation; that a *bonâ-fide* lease in the interests of the pagoda, though on favorable terms, is not an alienation; and that, whether the lease in the present case amounts to an alienation or not, depends upon the past and present revenue of the village and the fact how much of the latter is due to the improvements made by the lessee; and requesting the Deputy Commissioner to submit information on certain points relating to the subject and also to submit the original lease referred to.
72	13067—525.	Do	Do	Requesting him to dispose of the bed of the breached tank of Avrahalli in the Closepet Taluk in accordance with Reule XX of the Rules issued under the Land Revenue Code and particularly with paras 10 and 11 thereunder.
73	13071—763.	Do	The Deputy Commissioner of the Mysore District.	Requesting him to submit a full and self contained report of the facts and circumstances with his opinion regarding the liability of the raiyats holding lands under the Bibi Tank in the Mandya Taluk to pay money contributions towards the repair of the tank.
74	13087—326.	Do	The Deputy Commissioner of the Shimoga District.	Referring him, on the subject of lands containing date trees being given out for cultivation to the Rules under the Land Revenue Code which meet the requirements of the Shimoga as well as other Districts; and stating that in case of any modification being found necessary from the experience of those rules, the Deputy Commissioner should submit a draft of the precise modification he would propose, with a full explanation of the necessity for the same.
75	13028-35—Cir. 279.	20th	The Deputy Commissioner of the Mysore District and the Deputy Commissioners of other Districts.	Stating that the new system of imposing a uniform rate of 2 per cent *advalorem* on all piece goods whether imported from British India or Foreign countries, which was sanctioned in Government Proceedings No. 11688-95—Cir. 239—L. 252, dated the 22nd January 1891, should

DECISIONS OF GOVERNMENT IN REVENUE CASES.

FEBRUARY 1891.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
1	12419—148—P. 978.	6th	The Superintendent of Inam Settlements.	The Superintendent of Inam Settlements, in his docket No. 32 of the 19th August 1890, solicited the authority of Government to re-open the settlement of the case of a kodigi inam in the Malur Taluk. *Order thereon.*—From the papers received with the above docket it appears that a certain kodigi inam of one Chikkanna was resumed in about 1872 on the ground that the tank for the maintenance of which the inam was granted was not kept in an efficient condition. In 1874 the inamdar offered to deposit Rs. 3,000 for the repair of the tank and requested the restoration of the inam, and the late Chief Commissioner issued an endorsement that his request would be favorably considered on the receipt of the orders of the Government of India in regard to the treatment of kodigi inams. Under these circumstances, the Superintendent of the inam Settlements requests that he may be allowed to settle the Inam under the Rules sanctioned by the Government of India. The Government approve of his proposal.
2	12422—496—P. 981.	Do	The Deputy Commissioner of the Bangalore District.	Appeal No. 1803 of 10th November 1890. *Appellant* .. Nanjundaiya, late Shanbhog of Konasandra, Anekal Taluk, Bangalore District. Petitioner was dismissed from his appointment in 1886, as he was convicted of having cut sandal trees in his garden land, and fined Rs. 40. 2. He appeals against the dismissal on the ground that the trees were cut by his renters without his knowledge. *Decision.*—Considering the nature of the offence and the long delay that has taken place in

				preferring his appeal the claim of the Petitioner cannot be entertained. 4. Petition rejected.
3	12423—497—P. 982.	6th	The Deputy Commissioner of the Bangalore District.	Appeal No. 331 of 23rd May 1890. *Appellant* .. Mota, Toti of Nagarenhalli, Hoskote Taluk, Bangalore District. Petitioner was suspended from office for one year on 11th April 1890 for disobedience and disrespectful conduct towards the village officers. The Deputy Commissioner also warned him that he would be dismissed if he did not regain his popularity. The appeal is against this order. 2. Beyond the general statement of the Patel that Petitioner is disobedient, there is no evidence to show that Petitioner was guilty of any such misconduct as to merit suspension. *Decision.*—Petitioner will be restored to office with a warning that he would be dismissed if he is again found guilty of disobedience to village authorities.
4	12424—498—P. 983.	Do	The Deputy Commissioner of the Bangalore District.	Appeal Petition No. 1800 of 12th November 1890. *Appellant* .. Thammanna of Tharmapura village, Devanhalli Taluk Bangalore District. Petitioner appeals against the order of the Deputy Commissioner of Bangalore District, cancelling the sale of a building site purchased by Petitioner. 2. The proceedings show that when the site in question was put up to auction there having been a very low bid for it, it was offered to the 1st applicant (Petitioner) for an upset price of Rs. 24 which he tendered; but before confirmation of the sale, one Dasagauda, Patel of the village, having represented that the site formed a portion of the land granted to him for planting a charitable tope, the Deputy Commissioner revoked the offer made to Petitioner and directed the site to be made over to the claimant.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Decision.—The Government decline to interfere in Petitioner's favor as he has no right to the land. He simply offered to buy the land and it was never sold to him.
5	12426—718 —P. 985.	6th	The Deputy Commissioner of the Mysore District.	**Petition No. 1588 of 28th October 1889.** *Petitioner* .. Adirajaiya of Partha Nathesvara Temple on the Malayur Hill, Chamrajnagar Taluk. This is virtually an application for review of the decision passed by Government in Appeal No. 1588 of 1889—90, Srichandraiya *vs.* Bommarsaiya, the dispute relating to 3 months' Puja Hak of Malayur Betta Devastan in the Chamrajnagar Taluk. 2. The petition having been referred to the Deputy Commissioner for enquiry and report, that officer states, in his docket No. 1228, dated 12th January 1891, that Petitioner who is the father of Bommarsaiya, the Respondent in the Appeal case quoted above, has not adduced any additional evidence but only requests a reconsideration of the order already passed. *Decision.*—The Government see no reason to re-open the case disposed of on the claim put forward by Petitioner's son. Petition rejected.
6	12504—150 —P. 986.	Do	The Superintendent of Revenue Survey the Deputy Commissioner of the Mysore District.	In reply to letter No. 8643—115 of 19th October 1890, requesting information as to whether the detailed Survey of the Inam village of Alaganchi cannot be completed at once as the the Petitioner Munisami Chetti, who has transferred his ¼th share in the village to a chattram in Mysore, is anxious to see the Survey completed and the share transferred to the chattram taken up under Government management as early as possible, the Superintendent of Revenue Survey reported, in his docket No. 563, dated 21st November 1890, that the detailed Survey of the said village was completed during the last field season, and that the classification of the same will be carried out when the taluk of Nanjangud is taken up, probably during next field season.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Read again Government Proceedings dated 14th July 1890, No. 3790-1—187-104. *Order thereon.*—As the Petitioner Munisami Chetti is anxious, owing to his old age, that the Government should at once take charge of his share of the ¼ village assigned to the chattram, the Deputy Commissioner is authorized to effect the division on the available data and obtain possession of the Petitioner's share. Any revision in the partition that may be necessary may be effected after the settlement is completed.
7	12506—341—P. 992.	6th	The Deputy Commissioner of the Kadur District.	Appeal No. 562 of 25th June 1890. *Appellant* .. Krishnappa, Shanbhog's Gumasta of Bannur Firka, Bidarnad Magani, Chikmagalur Taluk, Kadur District. This is an appeal against the order of the Deputy Commissioner, dated 24th April 1890, fining Petitioner Rs. 20 and suspending him for a period of one year. 2. The facts are briefly these. 3. A certain land was applied for cultivation by one Udda, but when it was sold in public auction it was purchased by one Rama. The taluk authorities issued a wrong order to register the land in the name of the Darkhastdar Udda, instead of in the name of Rama. The Petitioner registered his name accordingly. The mistake was subsequently discovered and corrected. On the ground that the Petitioner did not bring the mistake to notice when he received the order for registering the land in the name of Udda, the Deputy Commissioner fined him Rs. 20 and suspended him for a period of one year. The Taluk Gumasta who wrote the wrong order was fined Rs. 10, and the Malik Shanbhog who employed Petitioner was fined Rs. 10. *Decision.*—Government do not consider that Petitioner was at all responsible for the error committed. He simply acted according to orders. There is nothing to show that Petitioner was present at the auction and knew that the purchaser was not Udda. Even if he knew that the purchaser was not Udda, he does not appear to be

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				liable to a fine, as he was not appointed by Government or by the Malikdar, but simply did duties along with the Malikdar. The fine imposed on him is therefore ordered to be remitted. As regards his suspension, the Deputy Commissioner's order can only be regarded as a direction to the original Shanbhog not to employ him in the performance of his duties for a period of one year, an order with which Government do not wish to interfere as the Petitioner has no right to the office.
8	12505—502 —P. 987.	6th	The Deputy Commissioner of the Bangalore District.	Petition No. 1084 of 6th February 1891. *Appellant* .. Hanumantaiya, Shanbhog of Biskur, Magadi Taluk, Bangalore District. Appellant complained in his petition of his having been removed from the office of Shanbhog without any reason and prayed for a full investigation of his case after sending for and going through the records connected therewith. 2. Petitioner was informed in reply by an endorsement that the Government having so long ago as April 1888, decided that he (Petitioner) should be suspended for 10 years and that on the expiration of that period the appointment should be given to a member of his family, the present petition cannot receive any further consideration.
9	12634—346 —P. 994.	11th	The Deputy Commissioner of the Hassan District.	With reference to the petition of one Bairagauda of Dyavanahalli Village of the Channarayapatna Taluk complaining of his having been deprived by the District authorities of one of the three jack trees standing on Survey No. 4 which had been made over to him by the Survey Department, the Deputy Commissioner of the Hassan District reported in his letter No. 370, dated 28th November 1888, that Petitioner had, previous to the Survey Settlement, acquired by purchase from one Hutcha a right to two jack trees, and another Timma was enjoying a third jack tree, standing on portions of a field which during the Survey was constituted Survey No. 4 comprising 4 blocks or Pikis; that at the settlement through the misrepresentation of the Shanbhog and the raiyats all the three trees were given over to Baira on collection of a rupee as their price; that the mistake having been found out on an enquiry instituted into the matter upon the complaint of

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Timma, a reference was made to the Survey Department and agreeably to instructions received from that Department the necessary corrections were made in the Khetwar account showing that the number of trees belonging to Baira was only two. 2. The proceedings of the case were submitted with the Deputy Commissioner's docket No. 149—8, dated 19th June 1890. *Order thereon.*—On a perusal of the report submitted by the Deputy Commissioner in his No. 370, dated 23rd November 1888, and proceedings received with his No. 149—8, dated 19th June last, the Government consider that the claim of Baira to the third jack tree in dispute is inadmissible. The Shanbhog falsely reported during Survey Settlement that Baira purchased from Counter-petitioner's brother Hutcha three jack trees, whereas only 2 were actually purchased. The 3rd tree is clearly found to be in Counter-petitioner's land No. 4-7. This was not sold to Baira; and, on a further reference by the Revenue authorities, the Survey Superintendent very properly ordered the original entry made during Survey Settlement to be corrected, so as to limit Baira's right to only two jack trees. Government see no sufficient reason to interfere with this order.
10	13015—509—P. 1015.	14th	The Deputy Commissioner of the Kolar District.	Appeal No. 822 of 17th July 1890. *Appellant* .. Narayanappa, Kodigidar, Nilattur Peddapalli, Mulbagal Taluk, Kolar District. Petitioner is a mortgagee of a Kodigi Inam belonging to one Venkategauda When a notice of demand was issued to Petitioner and Venkategauda for the payment of certain contribution, Petitioner pleaded that the produce of the Kodigi Inam which was placed under attachment in 1874 was not returned to him although it was ordered to be restored, and that its value should be taken as part payment of the due. An enquiry was held, and it having been found from the report of the Shekdar, dated 31st July 1877, that the produce was duly made over to Venkategauda's father Rameganda, the Deputy Commissioner rejected the claim on 25th March 1890. The present appeal is against this order.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				Decision.—The Government observe that Petitioner, who is merely a mortgagee, has no right to claim the produce even if it be true that it was not made over to Ramegauda, and it is also not clear why any demand was made to him (Petitioner) on account of contribution. Ramegauda or his son does not appear to have complained about the non-delivery of the produce and it is not therefore necessary to make any further enquiries about it at present. Petition rejected.
11	12898—407—P. 1006.	14th	The Deputy Commissioner of the Tumkur District.	In Government Proceedings, dated 15th September 1890, No. 7356—25, it was held that the sale, on account of revenue arrears, of the jodi village of Kanapanayakanhalli in the Maddagiri Taluk of the Tumkur District, exclusive of the share of one Gangadhara Rao was illegal inasmuch as the shares of several vrittidars were not separately registered in the accounts, that the whole village was liable for the arrears due on it and the sale was therefore cancelled. 2. In his petition No. 2165 of 6th December 1890, P. Gangadhara Rao prayed for reconsideration of the above order for reasons given by him, and for the confirmation of the sale already held. *Order thereon.*—In the petition read above, Gangadhara Rao states that the extent of the share of each of the vrittidars is duly registered, and the exclusion of his share from the sale was therefore correct. In the authenticated copy of the Inam Register produced by him, the shares of the several Jodidars are recorded as shown below :— 1. Narasimhasastri 2. Rangabhatta 3. Ramasastri 4. Krishnasastri } 1½ shares. 5. Chayappa ... 1½ shares. 6. Sitaramaiya ... 7. Subbarao Pant ... 1½ shares. 2. The shares of the several individuals being thus separately shown in the Inam Register, there is no objection to their being separately sold for arrears due under para 10, Rule XLI, of the Revenue Rules; but in the sale notification of the village under notice which was issued prior to the

				promulgation of the new rules, the whole village was advertised for sale, with a proviso that when the village was divided into separate recognised vrittis, the Deputy Commissioner may, at his option, instead of selling the village as a whole, sell each vritti separately. Neither the whole village was sold as advertised, now each vritti separately according to the proviso in the notification, but the whole village minus the share of the 7th sharer was sold. This being contrary to the terms of the notification, the order already issued for the cancellation of the sale must hold good. But in dealing with the case in future, the Deputy Commissioner may issue separate notices to the representatives of each of the sharers specified in the Inam Register and sell their shares separately, if the amount due by them is known. If Gangadhara Rao has paid his share of quit-rent, it is only right that his joint responsibility should not be enforced till the other shares have been sold, but each sharer, whose share is to be sold in the first instance, should receive a separate notice and his share advertised for sale separately.
12	13014—411—P. 1014.	16th	The Deputy Commissioner of the Tumkur District.	Appeal No. 2544 of 24th February 1890. *Appellant.* *Vs.* *Respondents.* Boregauda of Gudabanhalli, Tiptur Taluk, Tumkur District. 1. Gange. 2. Linga. The husband of the 1st Respondent was the Patel of the village. He died in January 1886 without issue. On the representation of the 1st Respondent that the 2nd Respondent, who is her brother's son, was adopted by her late husband, the Deputy Commissioner gave him the appointment in 1889. The appellant, who is a divided collateral of the deceased, and another collateral named Rama contested the claim of the 2nd Respondent, but the Deputy Commissioner did not take their claims into consideration, as they failed to appear on the date fixed for hearing. 2. The present appeal is against the appointment of the 2nd Respondent. *Decision.*— On a perusal of the records of the case, the Government find that there is no satisfactory proof of the alleged adoption. Till the adoption is established in a Civil Court, the minor's claim to the office cannot be entertained.

				The order of the Deputy Commissioner is therefore set aside, and he is requested to nominate the Appellant to the office unless the other claimant Rama, who is a nearer heir, comes forward and claims the office within 3 months after notice.
13	13017 —1921 —P. 1017.	16th	The Deputy Commissioner of the Chitaldroog District.	Appeal No. 288 of 20th May 1890. *Appellant.* — Marulappa of Jantugolalu, Hosdurga Sub-Taluk. *Vs.* *Respondents.* — 1. Lingaiya. 2. Basaiya. Appellant and Respondents are unconnected with each other. Both the families had joint hak for the office of Patel. In 1850 Appellant's uncle Muragappa and the 1st Respondent's uncle Sanna Siddaiya were Patels. In 1874, in consequence of an order that there should be only one Patel, Siddalingaiya, the cousin of the Appellant, was appointed as the sole Patel. In 1878 Siddalingaiya, who was appointed in 1874, was convicted of embezzlement and dismissed. Then Appellant was appointed by the Amildar, but the Deputy Commissioner cancelled the appointment and gave it to the 1st Respondent. This appointment was again cancelled and Appellant was re-appointed by the Deputy Commissioner. This last order was set aside by the Chief Commissioner in 1880 and the 1st Respondent was appointed on the ground that he had better claim than the Appellant who was a divided cousin of the dismissed Shanbhog. 2. In 1884, the 1st Respondent got the appointment transferred in the name of his son the 2nd Respondent. 3. Appellant brought the suit in 1889. The Assistant Commissioner decided that as the 1st Respondent had the office for some time, the Appellant may have it and decreed accordingly. The Deputy Commissioner reversed the decree on the ground that the Appellant lost his right by not having brought the suit in time. The present appeal is against the Deputy Commissioner's order. *Decision.*—The Government consider that the Deputy Commissioner is wrong in supposing that because the Appellant failed to bring a suit within one year after the 1st Respondent was ap-

				pointed in 1880, he lost his hak under Article 12, Second Schedule of the Limitation Act. The Chief Commissioner's order of 1880 was merely a summary order and not an order issued in execution of a decree. The Limitation Act quoted by the Deputy Commissioner is therefore altogether inapplicable to it. There is nothing to show that it was the intention of the Chief Commissioner to exclude Appellant permanently from the office, and beyond the fact that the Respondents have held the office for some time and that therefore the Appellant should now have his turn, there is nothing to show that Appellant has a better claim to the office than the 1st Respondent who was appointed by the Chief Commissioner in 1880, and who is still alive. 5. The most equitable course under the circumstances appears to be to ignore the transfer effected in 1884 in the name of the 2nd Respondent, and to recognize the 1st Respondent as the Patel of the village, and leave the Appellant to renew his claims on his (1st Respondent's) death. 6. Appeal dismissed.
14	12897—504—P. 1005.	16th	The Deputy Commissioner of the Kolar District.	Appeal No. 990 of July 1890. *Appellant.* *Vs.* *Respondent.* Venkoba Rao of Mulbagal, Kolar District. — Venkategauda. The Appellant was Patel of Agara. In 1884 he took leave for 8 months and returned 3 months after the expiry of his leave. On application for reinstatement, he was told to pay the arrears of assessment due and renew his application. He did so, and requested that his minor son Bapu Rao may be appointed to the post, and his brother's son Dhattu Rao appointed as his Gumasta during his minority. The Deputy Commissioner complied with the request and issued an order accordingly on 11th April 1890. On the complaint of the Respondent, the Deputy Commissioner subsequently altered the above order, and directed that Respondent should act as the minor's Gumasta. The present appeal is against this order which is dated 24th June 1890. 2. The only ground that the Deputy Commissioner assigned for issuing the last order is that Respondent acted as Patel during the ab-

				sence of the Appellant on leave. The Respondent also urged at the hearing that he was one of the hakdars to the office. *Decision.*—The Government consider that the Appellant's son being the registered holder of the office, Appellant is entitled to name his Gumasta, and the fact that Respondent acted during the absence of Appellant on leave does not give him any right. The last order of the Deputy Commissioner was therefore cancelled, and he was requested to appoint Appellant's relation Dhattu Rao as the minor's Gumasta. If Respondent has any independent right to the office, he is at liberty to establish it by a regular suit.
5	13018—350—P. 1018.	16th	The Deputy Commissioner of the Kadur District.	Appeal No. 2126 of 6th January 1890. *Appellant* .. Ramaswamaiengar, Shanbhog of Hirimagalur, Kadur District. This is an appeal against the order of the Deputy Commissioner, dated 31st December 1888, dismissing Petitioner from his office. 2. The facts of the case are as follows :— 3. On 16th November 1887, one Nanja presented a darkhast for a certain land, which was referred to the Shanbhog, who endorsed that there was no objection to the darkhast being granted, and the Amildar granted the darkhast on 12th January 1888 and issued an order on the same date directing the land to be made over to the Appellant. The order of the Amildar was communicated to the Shanbhog on the 14th February 1888. Patta was granted on 2nd March 1888. 4. Another darkhast was received for the same land on 28th January 1888. This bears the endorsement of the Shanbhog, dated 30th January 1888 that there were no trees on the land. The Shanbhog omitted to state in the endorsement that a darkhast had already been received for the same land. On this, the Amildar, on the same date, *i. e.*, 30th January 1888 ordered the land to be granted to the applicant if there be no other darkhastdar. The Shekdar who received the order on the 2nd darkhast states that he verbally communicated the fact of its receipt to the Shanbhog on the 11th February 1888, but that he did not actually deliver the order to him till the 10th March 1888, as the Shanbhog did not come to him as promised, and he had to go

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				elsewhere on business. The Shanbhog denies the verbal communication and states that he received the order on the 2nd darkhast on the 10th March 1888. 5. The charge against the Shanbhog is that in view of favoring the 1st applicant with whom he entered into an agreement on 30th January 1888 to divide the land between themselves, he concealed the fact of a prior darkhast, when the 2nd darkhast was received. It was considered that if he had mentioned the fact, the land would have been ordered to be sold, the order on the 1st darkhast being cancelled, since the applicant had not then been put in possession. 6. The Shanbhog's explanation is that the 1st darkhast had not been returned to him when he endorsed the 2nd darkhast, and so he had no means of knowing that there was already a darkhast for the land. He admits the agreement between himself and the 1st darkhastdar Nanja, but states that it took no effect. 7. The Deputy Commissioner considered that the Shanbhog could not have been ignorant of the 1st darkhast when he endorsed the 2nd darkhast on the 30th January 1888, as on that very date he entered into an agreement with the 1st Applicant in regard to this very land, and that his omission to allude to the 1st darkhast was fraudulent. On the ground of this fraudulent conduct and the previous misbehaviour of the Shanbhog, the Deputy Commissioner dismissed him on 31st December 1888. The Government consider that the Appellant's plea that he was not aware of the 1st darkhast when he endorsed the 2nd is inadmissible. He must have been aware of the fact of the prior darkhast, since, on the very day on which he endorsed the 2nd darkhast, he entered into an agreement with the 1st darkhastdar. The only point for consideration is whether the omission to allude to the 1st darkhast is such an offence as should be met with the punishment of dismissal. *Decision.*—The Government do not think that the offence was such as to justify entire deprivation of the office. Suspension from office for a limited period would, they consider, be a sufficient punishment and warning to the Appellant. The order of the Deputy Commissioner was accordingly modified and the Appellant ordered to be restored to office on 1st July 1891.

16	13007—521—P. 1009.	17th	The Deputy Commissioner of the Bangalore District.	Appeal No. 290 of 14th May 1890. *Appellant* .. Lingegauda of Heggadagere, Closepet Taluk. In June 1887, Petitioner applied for free license to cut firewood in his kandayam lands in the village of Heggadagere. The application was referred to the Shekdar and after report that there was no objection, the license was granted, but it having been subsequently discovered that he removed 98 cart-loads of firewood from his hulbanni and not kandayam lands, he was ordered to pay 3 times the seigniorage on the quantity removed (98 cart-loads) and was further dismissed from his office of Patel of Banandur. The appeal is against this order which is dated 21st September 1889. 2. The Appellant states that he did not know that there was any difference between the kandayam and hulbanni lands, that he thought that he was entitled to the firewood on his hulbanni as well as kandayam lands and that if he was not entitled to the firewood on hulbanni lands, it was the duty of the Patel and Shanbhog of the village to have this pointed out to him and that it was unjust to deprive him of his office in another village for his supposed offence in Heggadagere. *Decision.*—Government do not think that Petitioner deserves such a heavy fine and dismissal for what he has done in the matter. It is true that he stated in his application that the land from which the firewood was to be removed, was his kandayam land; in fact he had no kandayam lands in the village, but only hulgaval lands. The Shanbhog knew that the application for free license was for firewood in the hulgaval land, and it was his duty to have brought to notice that the land on which firewood stood was hulgaval and not kandayam land, but he did not do so, and the Shekdar also omitted to notice it, for which they were properly punished. It is possible that Petitioner did not quite understand the distinction between kandayam and hulgaval lands. The Government therefore consider that it would be sufficient, if the proper seigniorage be collected from him and a fine of Rs 5. The Deputy Commissioner is accordingly directed to collect from Petitioner seigniorage at single rates only and the amount of fine Rs. 5 and restore him to office. ———

17	13008-1704 —P. 1010.	17th	The Superintendent of Inam Settlements.	Appeal No. 1287 of 28th August 1890. *Appellant* .. Ramanna, Kodigidar of Hindiganal, Hoskote Taluk, Bangalore District. Petitioner complains that his Kodigi Inam at Hindiganal (area 1 Khandi—5 Kudus—0 Padi, assessed at Rs. 32) was enfranchised on half assessment instead of on one-fourth assessment. 2. The Inam was brought on the Inam Commissioner's Register in 1874, was confirmed for life in 1880 under the orders then in force, and was finally enfranchised on ½ assessment in November 1889. When the Inam was first registered in 1874, the Assistant Commissioner remarked that "the tank is reported to require certain repairs estimated to cost Rs. 113." *Decision.*—Considering the very small amount of repair which the tank needed at the time when the Inam was first brought to settlement, the tank may be regarded as having been in "fairly good order," and the imposition of half assessment was therefore unnecessary under the instructions of Government conveyed in their letter to the Inam Superintendent, dated 25th September 1888, No. 1261. 4. The Inam Commissioner was requested to revise the settlement and confirm the Inam on ¼ assessment.
18	13009—760 —P. 1011.	Do	The Deputy Commissioner of the Mysore District.	Appeal No. 2038 of 15th October 1890. *Appellant* .. Venkatasubbaiya, Shanbhog of Somehalli, Gundlupet Taluk, Mysore District. Petitioner purchased, in 1888—89, ⅔rds of the land belonging to one Seshamma, the other ⅓rd having been previously purchased by one Mallegauda in 1857—58. But the whole land was registered in the name of the Petitioner in 1888—89, according to a razinama presented by the Petitioner, and the person from whom he purchased the land. When this registry was made, the fact of ⅓rd having been previously purchased by Mallegauda, who held possession of the land, was not brought to notice, and on the ground of the registry, Petitioner insisted upon his right to pay the assessment of the entire holding including

				the ⅛rd enjoyed by Mallegauda. The then Shanbhog Channaraya accordingly collected the whole assessment from Petitioner, and refunded to Mallegauda the assessment, Rs. 2—4—9, paid by him on his portion for Sarvadhari, 1888—89. On the complaint of Mallegauda, the Deputy Commissioner ordered his ⅛rd share to be registered in his name, and fined Petitioner Rs. 4—9—6 for having falsely represented that the whole land belonged to him. 2. Petitioner now appeals against the fine imposed upon him. He states that he offered to pay the whole assessment, because the whole land was transferred to him and registered in his name. He also adds that it was the former Shanbhog, who received the payment from him and not he (Petitioner), that is to blame for having registered the entire land in his name and received the whole assessment from him. *Decision.*—Although there is no doubt that Petitioner knew well that he did not purchase the whole land, and that his offer to pay the whole assessment was irregular, still the Government do not see how he can be fined for an act done by him when he was not the Shanbhog of the village. The fine will therefore be remitted. The sum of Rs. 2—4—9 paid by him on assessment, however, need not be refunded to him as he paid it voluntarily and with full knowledge of facts. 2. Mallegauda should be made to pay the assessment due by him, notwithstanding it has been already paid by Petitioner.

Giri Gauda and others of Kakkehalli, Manjarabad Taluk, Hassan District. Kakkehalli was an Inam Village which was resumed by Government in 1884—85. 2. Petitioners some of whom are immigrants from villages built houses on vacant lands, some in 1885—86, and others in the following years without any permission from authorities. This was brought to the notice of the Jamabandi Officer in 1889, when he fined the Petitioners and ordered the removal of the houses. Petitioners appeal against this order and state that they built the houses with the permission of the late Inamdar of the village, but they failed to prove that they obtained any such permission. Some applications appear to have been received from others for these very lands for coffee cultivation and they are pending disposal. *Decision.*—Although Petitioners are justly liable to be ousted, as their occupation of the lands was unauthorized, still, taking into consideration the fact that they have already built the houses, Government are pleased to direct that they be confirmed in their possession on their agreeing to pay the proper assessment of the area occupied by them, and a small fine of Rs. 5 each for unauthorized occupation. If they do not agree to these terms, they should be dealt with under the Land Revenue Code.

				wet. Appellant objected to the excavation of the channel, but the Deputy Commissioner disallowed the objection on the ground that it was frivolous and that the small channel could do him no harm. The appeal is therefore struck off the file.
22	13455—424—P. 1063.	24th	The Deputy Commissioner of the Tumkur District.	Appeal No. 2720 of 10th March 1890. *Appellant* .. Nanjundaiya of Yelayur, Kunigal Taluk, Tumkur District. Petitioner purchased certain lands Nos. 22, 35, 38 and 40 in Government auction in the year Sarvajit 1887—88, but did not cultivate them as the aqueduct through which water had to pass to his lands has not been completed. The Deputy Commissioner remitted half assessment on that account. In the year Sarvadhari 1888—89 also the Petitioner failed to cultivate the lands, but the Deputy Commissioner refused to remit any portion of the assessment for that year as the aqueduct was completed and water discharged on 27th January 1889. On account of the arrears of these two years and of the following year Virodhi 1890—91 amounting to Rs. 141—13—6, the lands were attached and put up to auction, but no one having bid for them, they were resumed by Government and another land of Petitioner No. 17 at Herur was also attached and sold for Rs. 130. 2. Petitioner contends that he was not liable to pay any assessment for Sarvajit 1887—88 and Sarvadhari 1889—90 as no water was supplied to him till almost the end of 1888—89 and that even if he was liable to pay any assessment, it is unjust to sell his other property for the arrears on these lands. *Decision*—As, even granting that Petitioner was not able to cultivate the lands in 1888—89, owing to the late data on which water was supplied, he was only entitled under the rules to a remission of half assessment and not to the remission of the whole assessment, the Petitioner was asked at the hearing whether in the event of

The Deputy Commi sioner dismissed the suit on the ground that ther was no reason for disturbing the arrangemen made so long ago as 1878. *Decision.*—The Government consider that th suit has been properly dismissed. 				(6 guntas) was erroneously included in the neighbouring Survey No. 62 which was then unoccupied waste and made over to one Kala on assessment. There are 6 mango trees on the land, the price of Rs. 6 was not then collected from Kala, but it was collected from him subsequently in 1886—87. Petitioner complained about it in 1888, and the Deputy Commissioner, while admitting that the land claimed was a part of the Inam, declined to restore it to him on the ground that he did not complain in time. He complained about it again, and his claim was finally rejected in March 1890. The Appeal is against this order. 2. The Superintendent of Revenue Survey to whom the case had been referred for opinion stated that as the Survey was made according to the boundaries pointed out by the then Shanbhog, the case need not be re-opened, and further observed that the actual area of the Inam exclusive of the land in dispute is in excess of the extent entered in the accounts. *Decision.*—Government do not consider that it is proper to refuse redress to the Petitioner because he delayed in complaining for nearly 7 years, and the fact of the Inam containing excess furnishes also no argument for not correcting the mistake committed during the Survey. If there is excess in the Inam it will of course be dealt with under the rules, and that is no reason why the land should go to Kala who has no right to it excepting that it was erroneously given to him by the Survey Department. The Survey Superintendent will therefore be requested to separate the piece erroneously included in No. 62 and rejoin it to the Inam; and the Deputy Commissioner will refund to Kala the sum paid by him on account of the trees.

On his return he requested that he might be allowed to resume his duties, and promised to discharge them with the aid of his brother's son, the Appellant. The villagers objected to his appointment, and while the case was under enquiry Munegauda died. Appellant claimed the office, as the adopted son of Munegauda, but there is no evidence that he was adopted by Munegauda. There is, however, evidence to show that Appellant is a divided collateral of the deceased Munegauda, and is undoubtedly his heir at law irrespective of adoption, but the Deputy Commissioner refused to recognize his claim on the ground that Munegauda himself had no hereditary right to office, and that if he had any right he lost it by his having overstayed the leave for upwards of 3 years. He confirmed the Respondent who was appointed to act for Munegauda in 1884. 2. The present appeal is against this order. *Decision.*—The Government observe that as the office was newly created in 1875, and as the Appellant is only a distant collateral of the deceased, his claim to the office is not entitled to consideration. Munegauda virtually abandoned the office for 3 years and it seems inexpedient to recognize Appellant's claim at this distance of time. Appeal rejected.

Petitioners state that they are unable to pay the whole amount at once and request that they may be allowed to pay it by instalments at Rs. 4 an acre on the lands irrigated under the tank. 				Decision.—Under the circumstances stated, Government are pleased to direct that villages be released from attachment and made over to Petitioners if they agree to pay the amount due to Government by instalments of Rs. 1,000 a year together with interest at 4 per cent per annum. The lands irrigated under the tanks are stated to be 228 acres and the sum Petitioners are now called upon to pay is about Rs. 4 an acre. Government cannot undertake to collect the water rate from each individual if the Inam village be released from attachment and made over to Petitioners. It is an arrangement which must be left to Petitioners themselves.
